Petition to The City of Broken Arrow

Petition summary and background	We, the undersigned are against the proposed Village@1eleven development from being built at the corner of 111th and Aspen. The Village @1eleven is a high density combination of Commercial Front, Flat Apartments and small Homes that are a detriment to the established Residential Estate properties of the Greyoaks, 138th and 141st Streets. Also involved are the neighborhoods of Aspen Park and Waterford. 1. The proposed rezoning to PUD/CM/RS4 should not be allowed as the Village@1eleven does not conform to the City of Broken Arrow's published PUD guidelines. 2. Ricky Jones serves on the City Planning Commission but is employed by Tanner Consulting who's client is the the construction company Ruhl. Ruhl Construction is the designated builder of the Village@1eleven. This relationship is unacceptable and is a point of distrust in the Commission and it's decision regarding this matter. 3. The high density Village@1eleven will contribute to further increase the already congested traffic to the area due to the close proximity of two public schools and established neighborhoods. 4. The Commercial Component of the proposed Village will bring a rotating commerce vendor climate to a lovely neighborhood rich area of Broken Arrow. 5. This Village is not a fit to the surrounding Home Properties. Destabilizing to surrounding property values. Destabilizing to traffic and noise. Destabilizing to safety. Destabilizing storefront business in a residential area. The current A-1 Zoned property should be zoned to Residential Estate. This area is already established as RE and will greatly benefit from additional growth of these unique homes and properties.
Action petitioned for	We, the undersigned, are concerned citizens who urge our leaders to act now to prevent the re-zoning of the corner of 111th st. and Aspen from A-1 to PUD/CM/RS4.
