The drainage basins are Adams Creek, Broken Arrow Creek, Elm Creek, Haikey Creek, and Aspen Creek. These Master Drainage Plans will assist with scoping and planning of stormwater issues in our city using engineering tools and resources to remediate current flooding issues, and to design and mitigate current and future stormwater issues.

WHEREAS, Emergency Management will implement a Notice of Intent to Oklahoma Department of Emergency Management that we will be asking for grant assistance under two different funding opportunities from the State Hazard Mitigation Funding Program through our FEMA-approved Broken Arrow Multi-Hazard Mitigation Plan.
