Planned Unit Development (PUD) Number 190

DEVELOPMENT CONCEPT

Site Description and Location. The project is planned as a development of not to exceed 29 single family lots. The Site included in this planned unit development (PUD) is located in the NE/4 of Section 22, T-18-N, R-14-E, Tulsa County, State of Oklahoma. The property contains 5.71 acres more or less. The property is located south of West Washington Street and 1/2 mile west of South Elm Place, in Broken, Oklahoma. The areas adjacent to the Site include a single family residence to the east "Village Square Third", a single family residence to the south "Arrow Park" and "Tarp Estates" to the west. See Exhibit "A", which is a Concept Illustration of the Site, including a Location Map insert. The project will be built in two phases. Phase one will consist of 19 lots and a reserve area and phase two will consist of 10 lots.

Existing site zoning. The Site is presently zoned "R-1 and R-3"

Summary of the Development Area in the proposed PUD. The development consists of one development area, designated as Development Area "A". Development Area "A" is to be re-zoned "RS-3" single family dwellings. The legal description is provided as follows: Exhibit B-1 (Overall PUD Site Legal Description)

Compatibility of the proposed planned unit development with the existing and planned uses surrounding the site further is achieved by the development standards explained in the text that follows.

Features of the Site Area

The property is located adjacent to the east boundary of the East Branch of Haikey Creek. The property is vacant, relatively flat and is wooded. Stormwater from this site will flow to the East Branch of Haikey Creek. A Letter of Map Revision will required before grading to adjust the existing floodplain boundary. Compatibility of the proposed planned unit development with the existing and planned uses surrounding the site further is achieved by the development standards explained in the text that follows.

DEVELOPMENT STANDARDS

LANDSCAPED AREA AND VISUAL SCREENING:

- (1) A preliminary Landscape and Screening Plan is depicted on Exhibit "D". All landscaping and screening shall meet or exceed the requirements of the Zoning Ordinance. A 15 foot wide fence and landscape easement shall be provided along Washington Street. A fence and landscape plan shall be submitted to and approved by the City of Broken Arrow prior to the plat being recorded. A 40 foot wide trail easement will be created along the East property line. The owner will construct sidewalks along the private street in the development.

SIGNS:

All signs shall comply with the setback, height, size and other requirements of the Broken Arrow Zoning Ordinance. The location, size, and height of all ground signs shall be shown on the fence and landscape plan submitted to the City of Broken Arrow.

LIGHTING:

- (1) Exterior light poles shall meet the requirements of the Broken Arrow Zoning Ordinance.

100-YEAR FLOODPLAIN

All property located within the 100-year floodplain shall be placed in a reserve area. No portion of any residential lot shall be located in the 100-year floodplain.

DEVELOPMENT STANDARDS

FENCING:

Fencing shall be installed in accordance with the requirements of the Broken Arrow Zoning Ordinance. A 6'-0" privacy fence will be installed along the west Trail Easement line. Where the private street right-of-way abuts the trail easement, an architectural metal fence, at least 16 feet in length, shall be installed. At least two segments of architectural metal fence shall be provided. Masonry columns, at least two feet in width, shall be provided at the end of each architectural metal fence segment. This will create a buffer between the "Trail" and the lots.

ACCESS AND CIRCULATION:

The streets in this PUD will be private and constructed to City of Broken Arrow standards, with sufficient right-of-way provided to allow construction and maintenance of the roadway. Access and circulation areas are shown on the Exhibit A Site Plan. The streets in Development Area "A" will be a minimum of 26'-0" wide face of curb to face of curb. The right-of-way will be a minimum of 30'-0" in width. The access to the site will be through a privacy gate. The entryway and gate design shall meet the requirements of the Subdivision Regulations. The call box shall be located at least 50 feet away from the street right-of-way line. An access point to adjacent properties will be provided at the southwest corner of the development for Phase 2. The entrance will consist of two (2) exit lanes, a median and one (1) entrance. The number of lots for phase 1 will be 19 lots and a reserve area for a clubhouse.

The access for Lots 1, 2 and 3, Block 1, from the private street will be from a common driveway at the rear of the lots. A mutual access easement will be shown across Lots 1, 2, and 3, Block 1. Other than the private street, no other access will be allowed to West Washington Street.

UTILITIES:

All site utilities are available to the PUD site. The existing 21" sanitary sewer along the east property line will be accessed. Storm water will be conveyed from "Village Square Second", via storm sewer pipe. Exhibit E shows the site utilities.

SCHEDULE OF DEVELOPMENT:

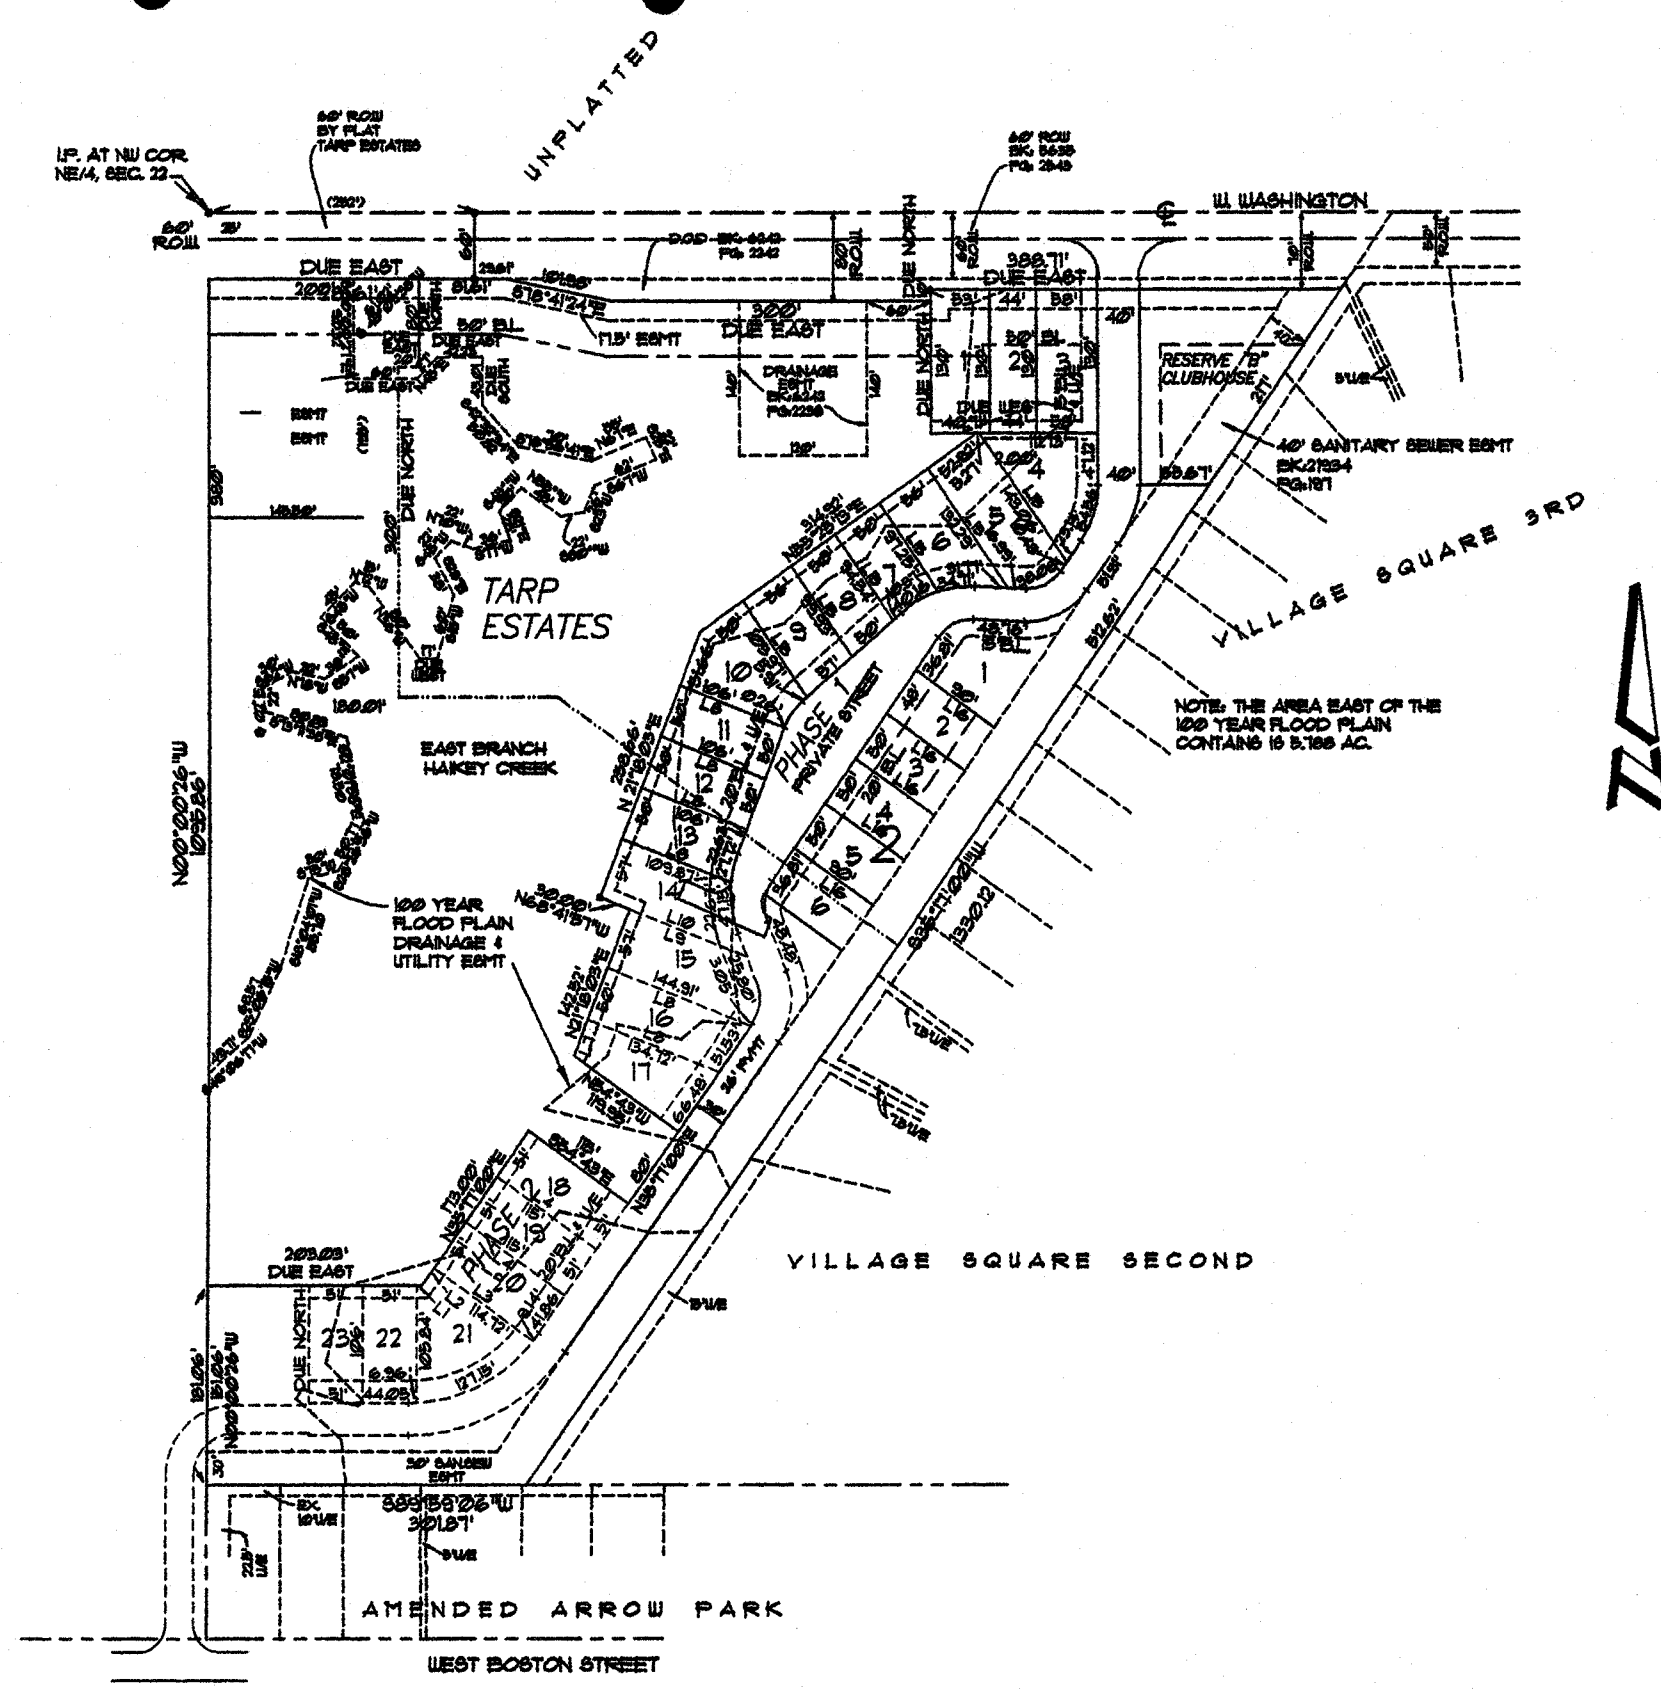

Development of the phase 1 site is scheduled for the 2nd Quarter of 2009.
