

## PROJECT REPORT

DATE:	04/11/2024
NAME	Randall Zogg
ADDRESS / LOCATION	1700 S 4 <sup>th</sup> St
WATERSHED	Broken Arrow
ESTIMATE	\$30,000.00
CASE NO.	24-004

### DESCRIPTION

A citizen contacted the City asking for help regarding the channel behind his house. The applicant stated that he is the only one who cleans the channel behind the house. The channel is in an easement in the Oak Crest Third Addition, platted in 1967. It flows from Richmond to Arrowhead Park then flows into a detention basin in Arrowhead Park. City Staff observed that the channel was overgrown and appears to be slowing down the flow. The 2018 GO Bond Proposition 6 language states clearing of drainage ways. The city would have to obtain permission from all homeowners along the channel in order for the clearing to take place. The water is being hindered with the overgrowth from the lack of channel cleaning.

### BENEFIT

The benefit is that the flow of water will be unhindered and allow the drainage system and the detention pond to work as designed.

### RECOMMENDATION

Staff recommends approval of clearing the ditch and stabilization of the channel and the expenditure of \$30,000.00.

**Owner Mailing Address**

1700 S 4th Ave  
Broken Arrow, OK 74012

**Address of Property with Drainage Problem**

1700 S 4th Ave  
Broken Arrow, OK

**Location of Drainage Issue on Property**

Running along the drainage ditch on the east side of 4th AVE

**Description of Problem**

The rear of the houses going down the east side of the drainage ditch have overgrowth of over 50+ years and this is not allowing the water to drain. Also causes backup and erosion problems for me. Plus it doesn't run downhill so there is stagnant water year round.

**Please attach photos depicting the Drainage Issue**
