November 27, 2017

Regulatory Office

Mr. Darian Butler
Director of Engineering
Oklahoma Turnpike Authority
PO Box 11357
Oklahoma City, OK 73136-0357

Dear Mr. Butler:

Please reference your letter dated October 11, 2017, requesting a modification of Department of the Army Permit Number OKR2006339. This permit authorized the placement of fill material for the construction of the Broken Arrow South Loop Turnpike.

We have reviewed your request for modification of the Haikey Creek Mitigation Area. The requested modification to allow the installation of a sewer line is approved. Please note that annually mowing the sewer line, as proposed, is authorized; however, more frequent mowing is not authorized. All terms and conditions of the original permit remain in full force and effect. Please make sure that you comply with these conditions during construction of this project. The project expiration date is November 27, 2020.

Should you have any questions regarding this matter contact Mr. David Carraway at 918-669-7618.

Sincerely,

for: Andrew R. Commer
Chief, Regulatory Office
