

May 2016

You have been instrumental in the original set up, build out and implementation of the original BAPD laptop computers and all the programs that keep the field officers running and connected with Communications. You have tirelessly given of your work and personal time to make sure officers computers are working. You have always been helpful and quick to assist anytime an officer needs you regardless of time of day or other circumstances. Even when you are not on call other techs will call you to assist in problem solving. You have worked tirelessly to provide support and solve all problems we experience with our technology.

Further you have been vital to the deployment of the new Dell computers BAPD is issuing to the officers.

Your efforts are recognized as indispensable to our daily mission and support our efforts to serve the community as efficiently as possible.

For your efforts in advancing technology for the Broken Arrow Police Department and for your many contributions to support our agency throughout the years, the Broken Arrow Police Department is pleased to present this:

Chief's Award

To you

Mike Lewis

CHIEF'S AWARD
