## Development Concept

PUD-001893-2024 is an approximately 90 acre development on the north side of Tucson Street between Olive Avenue and Aspen Ave in Broken Arrow. Exhibit B depicts the project area relative to the surrounding areas. The PUD is presented along with a rezoning application to rezone the entire parcel to RS-4. The site is currently zoned PUD-307 (subject to platting) which is a planned unit development overlay of Commercial Heavy (CH) and Residential Multifamily (RM) zoning. That PUD was amended to PUD 307A in conjunction with the development of apartment project The Trails at Aspen Creek east of this project. We propose to abandon the remainder of PUD 307. In early 2024 a comprehensive plan amendment was filed requesting the property be reclassified from Level 6 to Level 2 in preparation for this PUD application. That application, COMP-001296-2024, was approved by the Broken Arrow City Council on May 7<sup>th</sup>, 2024.

The general purpose of this project is to provide an affordable detached single family residential neighborhood. To meet the needs of the workforce home buyer this planned unit development requests a minimum lot width of 52'. Escalations in construction and development costs have created a nationwide shortage of affordable housing that is attainable to the general workforce. The slightly reduced lot width allows the home construction type needed to accommodate workforce housing while still maintaining a high-quality product due to the development standards imposed.

The public street and utility systems within the project will be constructed to public standards and dedicated to the City upon completion. Exhibit F depicts the conceptual infrastructure improvements for this project.

The required entrances will connect to Tucson Street and will be designed in accordance with the Broken Arrow Subdivision Regulations with two outbound lanes and one inbound lane.

## Development Standards

The intended use for this project is to establish affordable single family detached housing which shall be governed by the Broken Arrow Zoning Ordinance and use and dimensional standards in the current RS-4 zoning guidelines except as hereinafter modified:

|                                   |                                  |
|-----------------------------------|----------------------------------|
| Permitted uses:                   | Single Family Detached Dwellings |
| Gross Residential area            | 90.33 acres                      |
| Gross Land Area per Dwelling Unit | 9,480 square feet                |
| Maximum number of dwelling units  | 415                              |
| Minimum Lot Width                 | 52 feet                          |
| Minimum lot size                  | 6000 square feet                 |
| Minimum livability space per lot  | 2,800 square feet                |
| Minimum Front Yard                | 20 feet                          |
| Minimum Side Yard                 | 5 feet                           |
| Minimum rear yard                 | 20 feet                          |

## **Street Design and Access Limitations**

All streets shall be constructed as required to meet public street standards as described in the City of Broken Arrow engineering standards. Sidewalks shall be constructed by the developer along Tucson Street and along any reserve areas abutting a street. No residential lots shall be allowed to have direct access to Tucson Street.

## **Utilities**

Storm sewer, sanitary sewer, and water service will be publicly maintained utilities provided by the City of Broken Arrow and installed by the developer. Detention facilities are proposed in both drainage basins before water discharges offsite. All detention and open space areas will be maintained by the homeowner's association.

Franchise utilities will serve the project with communications, natural gas, and electricity. We anticipate underground services throughout the development.

## **Landscape and Screening Standards**

Landscaping and screening will be provided along Tucson Street and shall conform to the City of Broken Arrow Zoning Ordinance. Required perimeter fencing shall be placed as near to the east line of the reserve or landscape and fence easement as practical provided that required fence articulation shall still be allowed and fully contained within the easement or reserve. All required landscaping and fencing will be maintained by the homeowner's association.

All open space reserve areas shall be owned and maintained by the homeowner's association. All traffic islands surrounded by street right of way shall include appropriate landscaping and berms to add visual character to the community and aid in slowing traffic patterns through the project site.

## **Platting**

Prior to issuance of a building permit for any habitable structure, the area within the PUD shall have a subdivision plat approved by the Planning Commission and City Council and filed of record at the Wagoner County Courthouse. The deed of dedication of the required subdivision plat shall include covenants of record, enforceable by the City of Broken Arrow, setting forth the development standards of the approved Planned Unit Development.
