**SECTION 1: EASEMENT/UTILITY DEDICATIONS, ACCESS LIMITATIONS AND STORM DRAINAGE**

1. The above owner hereby dedicates for public use all the streets as shown on said plat and does hereby guarantee clear title to all land that is so dedicated and hereby relinquishes any and all rights of all vehicular ingress and egress from any property or properties within the bounds designated as "LIMITS-OF-NO ACCESS" (LNA), as shown on the attached plat, except as may be hereafter released, altered, or amended by the City of Broken Arrow and approved by the Broken Arrow Planning Commission or its successors, or as otherwise provided by the Statutes and Laws of the State of Oklahoma pertaining thereto. The foregoing covenant shall be enforceable by the City of Broken Arrow, Oklahoma, or its successors.

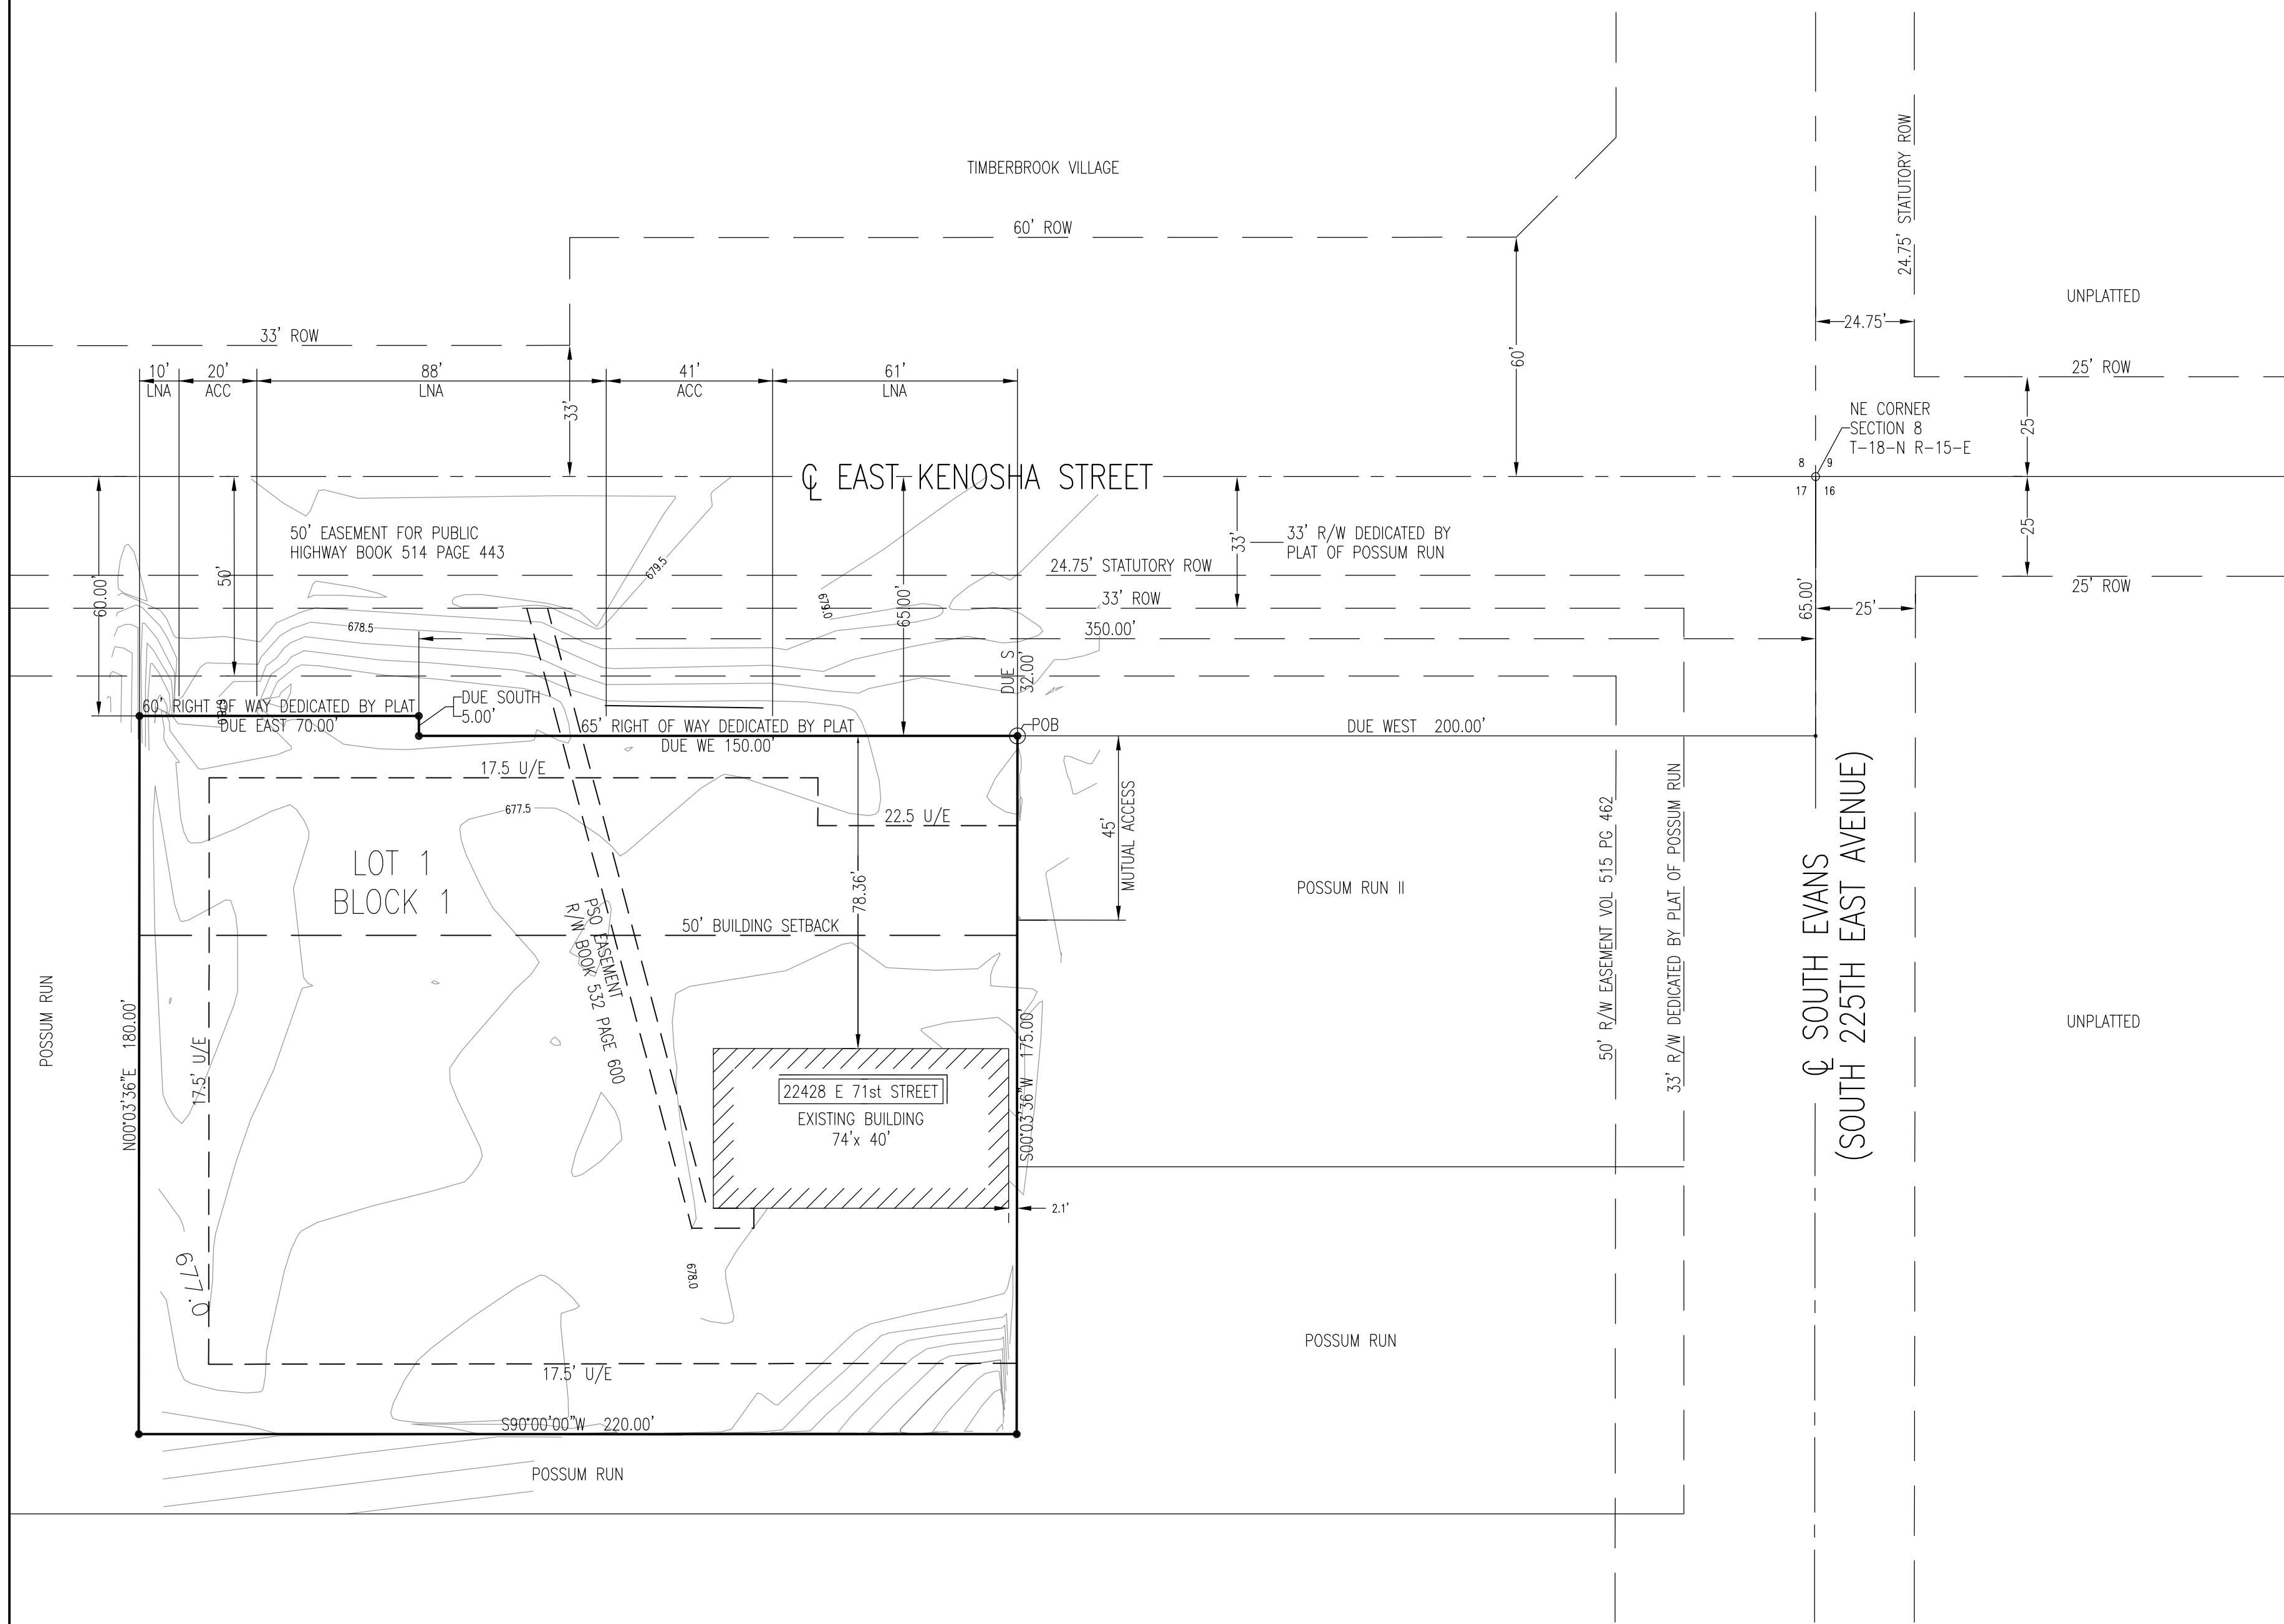

2. The undersigned owner and further dedicates to the public for use forever easements and right-of-ways as shown and designated on the accompanying plats for the several purposes of constructing, maintaining, operating, repairing, removing and replacing any and all public utilities, including storm and sanitary sewers, communication lines, electric power lines and transformers, gas lines and water lines, together with all fittings and equipment for each of such facilities including poles, wires, conduits, pipes, valves, meters and any other appurtenance thereto with the right of ingress and egress to and upon said easements and right-of-way for the uses and purposes of aforesaid together with similar rights in each and all of the streets shown on said plat.

3. In connection with the installation of underground electric, natural gas and communication service, all lots as subject to the following provisions, to-wit:

(a). Overhead pole lines for the supply of electric and communication service may be located along all boundaries of said Addition. Street light poles or standards shall be served by underground cable and elsewhere throughout said Addition, all supply lines shall be located underground, in the easement-ways reserved for the general utility services and streets, shown on the attached plat. Service pedestals and transformers, as sources of supply of secondary voltages, may also be located in said easement-ways.

(b). Except to structures on lots described in paragraph (a) above which may be served from overhead electric and communication service lines, underground service cables and gas service lines to all buildings which may be located on all lots in said Addition may be run from the nearest service pedestal, transformer or gas main to the point of usage determined by the location and construction of such structure as may be located upon each lot; PROVIDED that upon the installation of such service cable and/or service line to a particular structure, the supplier of electric, communication, and gas service shall thereafter be deemed to have a definitive, permanent, effective and exclusive right-of-way easement on said lot, covering a five-foot strip extending 2.5 feet on each side of such service cable, extending from the service pedestal, transformer or gas main to the service entrance on said structure.

(c). The supplier of electric, communication and gas service, through its proper agents and employees, shall at all time have right of access to all such easement-ways shown on said plat, or provided for in this Deed of Dedication for the installing, maintaining, removing or replacing any portion of said underground electric, communication and gas facilities so installed by it.
