Section 3. Any controversy between the Employer and the Lodge or any employee concerning the interpretation, enforcement of or application of any provision of this Agreement, concerning any of the terms or conditions of employment contained in this Agreement, shall be adjusted in the following manner:

- A. If a grievance is filed by the employee, simultaneous with its written filing with the City as described in Section 1 the grievance shall be discussed by the employee with his or her immediate supervisor or the next officer in the chain of command. Said Employee's Lodge President, or alternate, shall be present at said discussion. The answer to the grievance shall be submitted in writing by the supervisor or next higher ranking officer, within five (5) business days to the Police Chief or his/her designee, to the Employee(s) involved and to the Lodge President.
- B. The supervisor will respond to those issues where that authority has been generally designated by the Police Chief. If they have not been so designated, they shall simply respond in writing that they do not have the authority to act on the grievance. In any case, the City/Police Chief shall not be bound by the supervisor's grievance response and shall have seven (7) days to notify the employee and/or the FOP in writing that the response is unacceptable and therefore void, or in the alternative, that the grievance response answer to the employee or Union is modified as noted in the Chief's response.
- C. If the grievance is not settled by the provision of Section 3A and B, the grievant shall submit in writing to the Lodge Grievance Committee the grievance within fifteen (15) business days from the date of the supervisor's response. The Lodge Grievance Committee shall determine, in its sole discretion and judgment within fifteen (15) business days of the date of the supervisor's response, whether or not a grievance exists within the terms and condition of this agreement.
 - 1. If the Lodge Grievance Committee finds a grievance does exist, the Committee shall submit the grievance, in writing, within the above stated fifteen (15) business days to the Police Chief for adjustment.
 - 2. If the Lodge Grievance Committee finds a grievance does not exist, no further proceedings shall be necessary. The Lodge shall notify the City in writing within the above stated fifteen (15) business days of its decision not to proceed with the grievance.
- D. The Police Chief's answer shall be submitted in writing to the Employee(s)

involved and to the Lodge Grievance Committee within ten (10) business days from receipt of the Lodge's grievance. If the grievance has not been settled in the determination of the Lodge, then it then shall be sent to the City Manager for adjustment within fifteen (15) days of receipt of the Chief's response.

E. The City Manager's answer shall be submitted, in writing, to the Chief of Police, the employee involved (as applicable), and the Lodge Grievance committee within ten (10) business days of receipt of the Lodge grievance. If the Lodge Grievance Committee determines the grievance has not been settled within fifteen (15) days of receipt of the City Manager's grievance response, the Lodge shall notify the City within the same fifteen (15) day timeframe in writing of its request for arbitration. The grievance shall be submitted to arbitration for adjustment as follows:

1. The parties shall jointly request within five (5) business days from the date of the Lodge request a panel of seven (7) arbitrators from the Federal Mediation and Conciliation Service, or other mutually agreed upon Service.
2. Within seven (7) business days from the receipt of such a panel, a representative of the Lodge and the City shall meet and alternately strike names until one (1) arbitrator remains who shall be selected as the impartial arbitrator. In lieu of meeting the parties or their representatives may have a phone conference for purposes of striking the list. The party requesting arbitration shall strike the first name. Either party may totally reject one full panel and request a new panel.
3. Upon notification to the Federal Mediation and Conciliation Service (FMCS), or other mutually agreed upon Service, of the selection of the arbitrator, and when the arbitrator is contacted, the date for the Arbitration Hearing shall be set by mutual agreement between the Lodge and City representatives and the arbitrator. It is the intent of the parties to attempt to have all grievance hearings scheduled and conducted within no more than

sixty (60) days from selection of the arbitrator if it is reasonably possible.

4. The arbitrator is expected to render a decision and award within the timeframe set out in the FMCS, or other mutually agreed upon Service, rules and procedures. A copy of the opinion shall be mailed or delivered to the Lodge and the Employer.
5. With respect to the interpretation or application of the provisions of the Agreement, the decisions, findings and determinations of the arbitrator shall be final and binding upon the parties to this Agreement.
6. The arbitrator's authority shall be limited to the interpretation and application of the terms of this Agreement and/or any supplement thereof. The arbitrator shall have no jurisdiction to establish provisions of a new agreement or variation of the present agreement, or to arbitrate away, in whole or in part, any provisions or amendments thereof. This shall not preclude individual wage grievances.
7. The cost of the impartial arbitrator shall be shared equally between the Lodge and the Employer. If a transcript of the proceedings is requested, then the party so requesting shall pay for it, however the parties may, in advance of the hearing, agree to share equally the cost of the transcript and if so both parties shall receive the transcript.

Section 4. All time limits set forth in the Article may be extended by mutual consent, in writing, but if not so extended, they must be strictly observed. If a party fails to pursue any grievance within the time limits provided, the party shall have no further right to continue the grievance.

Section 5. It is specifically and expressly understood that filing a grievance under this Article which has as its last step, final and binding arbitration, constitutes an election of remedies and a waiver of any and all rights by both parties, the Lodge or other representatives of the party, to litigate or otherwise contest the last answer rendered through the Grievance Procedure, in any Court or other appeal forum.

ARTICLE 13

MUTUAL RESPONSIBILITY TO AVOID DISCRIMINATION

Section 1. Nothing in this Agreement shall be interpreted as diminishing the obligation of both parties under state, federal and/or local laws respecting the obligation of the Employer and Lodge alike to abide by applicable anti-discrimination laws, and affirmative action responsibilities, if any. In this regard and not by way of limitation, the parties agree to promote anti-discrimination on account of race, color, size, national origin, religion, sex, status of Lodge membership, political affiliation, disability status and any applicable veterans' re-employment rights legislation.

Section 2. To the extent this Agreement conflicts with overriding federal, state or municipal equal employment or anti-discrimination laws then and only in that event shall those laws control.

ARTICLE 14

The Chief of Police shall give due consideration to all written comments submitted during the fifteen (15) calendar day period, but is not required to adopt or implement any of the comments submitted.

After the fifteen (15) calendar day comment period, the proposed amendment shall be affected or the proposed amendment shall be changed to reflect the language agreed to by the Chief and the commenting party.

If after the amendment has been affected, a member of the department wishes to oppose the amendment, he or she shall so notify the Chief of Police and the issue shall be placed before the City Manager. The City Manager shall receive comment from the parties and support or reject said comments with a written response to all parties within forty-five (45) calendar days of receipt of all comments.

calendar days of the effective date of the amendment.

The deduction shall be made from each paycheck in an amount certified to be correct by the Secretary-Treasurer of the Lodge local. The total deductions shall be made to the Lodge via direct deposit within five (5) calendar days after the deduction is made. The payroll deduction shall be revocable by the employee notifying the City in writing. The Lodge shall be notified of any revocation.

Section 2. The City will deduct only Lodge dues from the employee's paycheck, and will not deduct initiation fees, special assessments, fines or other deductions, except for dues. In the event of any increase or decrease in Lodge dues, the Lodge will give the Employer thirty (30) calendar days written notice in order to allow the Employer to make the proper changes in its accounting records. No deductions will be made when the salary to be paid an employee is not sufficient to cover the amount deducted.

Section 3. The City will provide the Lodge Treasurer with a detailed report showing individual's name, division/department, and a deduction amount at the time of the payment.

Section 4. All deductions will be for the month in which they are taken. All deductions refundable at the time of termination or resignation will be refunded by the Lodge. Bargaining unit members that select body armor that exceeds the cost of the standard issue shall be responsible for all cost in excess of \$1,100 or the normal amount that the City’s bid or purchasing process is based upon in future years, whichever is greater. Each officer shall be required to wear the personal body

armor while on duty, however, the Police Chief may waive this requirement when, in his or her sole authority, deemed appropriate. Replacement of the body armor will be provided by the City up to an amount equal to the cost incurred by the City to provide the standard issue vest to new hires.

If there is an insurance policy on the phone, the City will only reimburse the amount not covered by the insurance plan). The parties agree if the bargaining unit member is not under a contractual obligation to the cellular provider (i.e. on a month to month service plan) and the damaged or destroyed phone may be replaced with a new or renewed contract the City is then only obligated to replace the same or similar phone at the lesser rate.

Section 2. An officer shall be required to provide the City with a written statement concerning the circumstances surrounding the damaged, destroyed, stolen or lost personal property.

Section 3. An officer shall also be required to provide the City with a written estimate of repair, replacement, or reimbursement, of the damaged, destroyed or lost personal property.

ARTICLE 20

HOLIDAYS

Section 1. Bargaining unit members will accrue one hundred twenty-two (122) hours of holiday leave on July 1st of each year. All holiday leave will be placed in an individual “bank” for each bargaining unit member. Bargaining unit members may schedule holiday leave subject to departmental scheduling requirements. Holiday leave may not be expended in less than one (1) hour increments. The City and the Lodge acknowledge through the Management Rights provisions of this contract that the Police Chief or designee shall have the sole authority to determine necessary staffing on a holiday.

However, for purposes of this article only, the City agrees that a bargaining unit member may choose to work the Martin Luther King Jr., Good Friday, Memorial Day, Labor Day, Veterans Day, and the day after Thanksgiving. On the actual holidays of New Year’s Day (January 1st), Independence Day (July 4th), Thanksgiving Day (4th Thursday in November) and Christmas Day (December 25th) the Police Chief or his designee has the sole authority to direct bargaining unit

members not to report to work and to charge the absence to a holiday in their bank. If holiday leave does not exist the employee shall charge the absence to vacation leave or compensatory leave. If one of the above referenced holidays occurs on a Saturday or Sunday and the holiday is observed by the City on the preceding Friday or the following Monday the Police Chief does not have the authority to direct bargaining unit members to use a holiday. Bargaining unit members have the option of working on that day or scheduling the day off subject to department regulations. If a bargaining unit member schedules an actual holiday off, the leave will be charged to the officer's holiday leave bank. If the officer does not possess any holiday leave at the time of the holiday, vacation or compensatory time may be used. In the event a bargaining member is "on-call" and is being compensated for such status, the Chief, or designee, does not have the authority to direct that specific member not to report to work. In this case, the bargaining unit member that is "on-call" may choose to work that holiday in which they are subject to call out.

Section 2. Bargaining unit members may maintain a maximum of 200 hours in their holiday leave bank. Only those bargaining unit members whose bank exceeds 160 hours as of July 1, 2000 shall be allowed to maintain a maximum balance equal to the amount of holiday leave in his or her bank as of July 1, 2000.

Section 3. Bargaining unit members who become covered by this agreement during its term shall receive all the remaining city recognized holidays for the balance of the fiscal year. City recognized holidays will be provided in hourly increments equivalent to the number of hours of a shift for those remaining city recognized holidays as provided in this Section. Example-if patrol is on 10-hour shifts, holidays will be provided in 10-hour increments. A recognized city holiday is defined as a holiday that results in City Hall being closed on that day.

Section 4. Upon termination of employment bargaining unit members covered by this agreement will be compensated at their straight hourly rate for any unused holiday leave. In the event of death, the bargaining unit member's estate will be compensated at the deceased employees straight hourly rate for all accrued holiday leave. An employee dismissed or who resigns due to embezzlement of City funds, theft, or deliberate destruction of City property shall not be compensated for any unused holiday leave. All property owned by the City but furnished to the employee for his/her use must be returned in usable condition, normal wear and tear excepted, in order to qualify for holiday leave compensation.

Section 5. Bargaining unit members assigned to and who actually work the entire schedule on Independence Day, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, or Memorial Day shall be paid one and one-half time the employees base hourly rate. Employees trading time or exchanging shifts are ineligible for this benefit.

Section 6. Bargaining unit members who are **called in** to work a patrol shift and who complete the full scheduled shift on any of the holidays listed in Section 5 shall receive compensation at **two (2) times their base hourly rate** for all hours worked on that holiday,

If an employee works two consecutive shifts back-to-back, the overlapping hours between the shifts shall be considered part of the employee's regular shift. Only the remaining hours of the second consecutive shift shall be compensated at two (2) times the employee's base hourly rate, provided the employee works the entire second shift.

Employees who voluntarily exchange shifts shall not be eligible for this benefit.

ARTICLE 21

SICK LEAVE

A regular full-time employee begins to accumulate sick leave upon completion of his or her first full month of employment:

- A. Accrual. Sick leave is accrued in units of twelve (12) hours per month.
- B. Expenditure. Sick leave can be expended in units of no less than one hour. Any sick leave extending beyond three (3) consecutive days must be accompanied by a physician's written statement certifying the employee's inability to report to work and that the employee has recovered sufficiently to return to work if deemed appropriate by the Police Chief. Sick leave may not be used as vacation leave. Any abuse of sick leave is justification for disciplinary action and possible dismissal.
- C. Eligibility. An employee is eligible to take sick leave for one of the following reasons:
 - 1. Personal illness or physical incapacity other than incurred on the job,

- including medical, dental or optical diagnosis or treatment and pregnancy.
2. Serious illness of a member of the employee's immediate family requiring the employee's personal care or attention. Immediate family shall include: husband or wife, father or mother of employee, children or legally adopted children of husband or wife or both, or any other person whose relationship could justify the employee's absence, providing special approval by the department head is first obtained.
 3. Exposure to a contagious disease that in the opinion of the attending physician could jeopardize the health of others.
 4. All disabilities caused or contributed by pregnancy, childbirth, or related medical conditions. For all job-related purposes, said disabilities shall be treated the same as disabilities caused or contributed to by other medical conditions.
- D. Procedure. An employee who is unable to report for work due to one of the above reasons shall report the absence to his/her supervisor before the regular starting time the employee is expected to report for work. Any reports of absence beyond the employee's normal starting time shall be granted by utilizing accruals, or leave without pay, at the discretion of the department head.
- E. Accumulation. Sick leave may be accumulated to a maximum 1,040 working hours. On the execution date of this agreement bargaining unit members whose sick leave exceeds the maximum shall not have their balance adjusted until the individual officer's accrued leave falls below the maximum. An employee who consumes all the sick leave benefits for which he or she is eligible, shall be placed on inactive status, without pay if so determined necessary by the department head and approved by the City Manager.
- F. Separation. Upon separation, an employee will not be compensated for any unused sick leave.
- G. Unauthorized use of sick leave. If upon investigation, the City Manager or department head does not consider the circumstances warrant, or did not warrant the absence of an employee, the employee shall be required to charge the absence

to vacation leave or leave without pay, rather than sick leave and is subject to disciplinary action.

- H. After an employee covered by this agreement has accrued a balance of seven hundred twenty (720) hours of sick leave the employee shall be eligible to participate in an attendance bonus program based upon the following schedule:

If during the fiscal year the employee uses the equivalent number of hours in a day of their assigned shift as of July 1:

8/10 hours sick leave taken - 30% of the monthly base pay at the pay step the bargaining unit member is assigned as of the first day of the month in which checks are issued.

16/20 hours sick leave taken - 22% of the monthly base pay at the pay step the bargaining unit member is assigned as of the first day of the month in which checks are issued.

24/30 hours sick leave taken - 15% of the monthly base pay at the pay step the bargaining unit member is assigned as of the first day of the month in which checks are issued.

32/40 hours sick leave taken - 9% of the monthly base pay at the pay step the bargaining unit member is assigned as of the first day of the month in which checks are issued.

Any bargaining unit member using more than 32/40 hours of sick leave during the fiscal year shall not be eligible for this benefit. Payment to be made in the first pay period after June 30th.

ARTICLE 22 COMPENSATION

Section 1. On the effective date of this Agreement, the attached "Schedule A" rates of pay shall go into effect and be paid on the existing bi-weekly schedule. Effective July 1, 2025, the "Schedule A" rates of pay are increased 4% from the pay rates in effect on June 30, 2025. Effective July 1, 2026, the "Schedule A" rates in effect on June 30, 2026 will be increased by 4%.

When a bargaining unit member is promoted, they shall be placed at the first pay step in

the new pay range that results in at least a 10% increase in pay. If this placement results in the newly promoted supervisor receiving a higher pay step than a more senior supervisor within the same pay range, the pay disparity will be corrected by advancing the more senior supervisor to the same step as the newly promoted one. The effective date of the pay disparity will be the same effective date as the newly promoted supervisor. Any current situations which exist as of July 1, 2025 will be adjusted.

Section 2. Bargaining unit members who promote shall be placed at the first pay step in the new range that provides a minimum 10% increase. Nothing in this article shall limit the City's right or authority to determine the method of selection or determine the eligible candidates for a promotion to Assistant Chief.

Section 3. During the term of this agreement, bargaining unit members not at the top of the pay schedule shall be entitled for a satisfactory performance increase on the employee's anniversary date. Each employee must, as a pre-requisite to the increase, receive a satisfactory performance evaluation.

Section 4. Upon agreement, the Lodge President and a City Representative will jointly agree to execute and submit form number 101 to the Oklahoma Police Pension and Retirement System.

Section 5. Bargaining unit members assigned by management to serve as a Field Training Officer shall receive \$4.00 per hour that the bargaining unit member actually is assigned to and participates in the training of a probationary officer as defined in Article 3 of this agreement. This additional pay is denoted as FTO pay.

When the job performance of a non-probationary bargaining unit member falls below a satisfactory level and management has determined that remedial training is necessary then those bargaining unit members who are actually assigned by management to ride with the subordinate officer as part of a remedial training program shall be eligible for the \$4.00 per hour benefit as described above.

When an officer is assigned to train a new K-9 officer and dog, that training officer shall receive \$4.00 per hour for each shift that the bargaining unit member actually is assigned to and participates in the training. This additional pay is denoted as K-9 pay.

Section 6. In an effort to increase the number of experienced police officer applicants

the Lodge and City agree to an amendment to the existing base compensation program that traditionally requires a new hire to start at step one of the pay plan. This section will allow an experienced police officer to start at a pay step greater than step number one in the police officer pay range. An applicant must meet the following qualifications to be eligible for consideration above step number 1:

1. The applicant must meet the minimum educational requirement, successfully complete the pre-employment written, oral, polygraph, background and physical dexterity tests and successfully complete all medical requirements required by and successfully enter the Oklahoma Police Pension and Retirement System prior to employment.
2. The applicant must be certified by the Oklahoma Council on Law Enforcement, Education and Training prior to employment. If the applicant is from outside the state of Oklahoma he/she must be able to obtain Oklahoma CLEET certification within six months of initial employment.
3. Any applicant who meets the above stated criteria may be placed anywhere from step 1 to step 7 of the pay range. The Police Chief shall recommend, in consultation with the FOP Lodge 170 union president, the pay step he/she believes would be appropriate and the City Manager shall approve or reject such recommendation prior to a job offer being extended.
4. The parties agree that the implementation of this section is for base pay purposes only and does not in any way impact issues such as seniority, eligibility to test for specialty positions or other working conditions. Any new employee hired under the provisions of this section shall be required to complete the established probationary period and will be extended the collective bargaining rights and benefits as any other new hire would receive if any. This section shall not override any other provision of the existing labor agreement.

Section 7. Bargaining unit members shall be eligible to participate in the City of Broken Arrow Bilingual Pay Compensation Program as outlined in the City of Broken Arrow Employee Handbook.

ARTICLE 23

FLSA IMPLEMENTATION/OVERTIME

Section 1. The City declares the use of Section 7(k) of the Fair Labor Standards Act in

order to establish the work period for Police Officers. All bargaining unit members at the rank of Police Officer, Corporal, Sergeant, and Captain are eligible for overtime compensation paid at the rate of one and one half times the total actual hours worked beyond eighty (80) hours in a fourteen (14) calendar day cycle.

Section 2. For the purposes of this article only, actual hours is defined as all hours an officer is scheduled to work, required to work beyond the regular schedule, called back to work, vacation, compensatory time or holiday leave scheduled and taken by the officer. Sick leave, or any other paid or unpaid leave will not be considered as hours worked. However, if an officer reports to a medical facility while on duty for reason of a first time, medical care visitation only that is related to a specific on the job injury or exposure, the officer's time shall be considered hours worked if he/she returns from the medical visitation back to duty on the same shift or at the beginning of the next, scheduled work shift and based on the terms of the medical release.

Section 3. Officers working overtime beyond their regular work schedule and not held over or called back to work by management, must have prior approval to work overtime from the Chief or designate. Failure to obtain prior approval may result in a disciplinary action.

Section 4. The City at any time may direct a non-exempt employee to stop working and leave the premises immediately and not return to work until so directed by the Chief. The purpose being not to allow the employee to work in excess of eighty (80) hours. Such action will not reflect negatively on the employee, is not considered disciplinary action and the employee will be paid for the hours actually worked.

Section 5. Those officers who work beyond their regular work schedule, but fail to exceed the fourteen (14) day eighty (80) hour threshold to earn overtime benefits as set forth in this Article, will be paid for those hours worked at a straight hourly rate and shall not be subject to the FLSA minimum requirement adopted to receive said benefit. The accumulation of this benefit in this Article shall not be cumulative.

Section 6. Bargaining unit members eligible for overtime may elect to earn compensatory time off in lieu of receiving overtime wages when overtime benefits are earned with such election to occur at the time overtime is approved. Each member is limited to a maximum in the compensatory time bank of 150 hours. Once an officer achieves a balance of 150 hours, he or she shall be compensated wages for any additional overtime earned.

The parties agree the June 30, 1993 balance presently credited to each member shall be applied to the maximum accrual stated in this section and any hours exceeding 130 that an officer now has shall remain credited to the officer until those hours exceeding 130 are used by the officer.

The parties agree that overtime and/or compensatory time shall be managed by the City in accordance with the Fair Labor Standards Act and related case law.

Section 7. The parties recognize that the City is a recipient of grants from federal, state and / or quasi-governmental agencies. When grant funding is being used for wages that result in overtime expenses the compensatory time benefits described in Section 6 may not be earned by bargaining unit members. In these circumstances the bargaining unit member may earn overtime wages only.

Section 8. In the event an employee is placed "on-call" or on "stand-by", this shall be deemed to mean the following:

- (a). The employee is free to go or remain at any location of the employee's own choosing, so long as the employee can respond to the anticipated work place within thirty (30) minutes of receiving a call to work;
- (b). The employee is free to use the waiting time for any personal matters the employee chooses;

- (e). The Department Director may require an employee on- call or on stand-by to have a two-way radio which is operating for the purpose of requiring the employee to report to work.

Section 9. When management has determined that off-duty bargaining unit members are needed for scheduled community events of a non-emergency nature the following overtime assignment system will be used:

- A. When the Police Chief determines off duty bargaining unit members are needed and the event is scheduled at least fourteen (14) days in advance, notice will be

posted on departmental bulletin boards advising officers of the event, the types and ranks of officers needed, the dates of the event, and the number of volunteers being sought.

- B. If a bargaining unit member is interested in working the event the officer may sign a register in the Shift Commander's office indicating their desire to work overtime. The register will be available for sign up for five (5) calendar days.
- C. Overtime assignment will then be based upon the ranks management has determined it needs, then seniority, and will operate on a rotation basis. If a more senior officer has worked a previous event and less senior officers volunteering have not been utilized since the more senior officer has been assigned, the less senior officers will be given first consideration on a seniority basis. Officers assigned to certain specialty assignments may also be excluded from non-emergency overtime assignments.
- D. In the event a sufficient number of off duty officers at the needed ranks do not volunteer to work the event nothing in this article shall prevent management from calling in any officer and assigning overtime without regard to seniority as provided in Article 4 , Management Rights and Responsibilities.
- E. Nothing in this article shall prevent management from determining in its sole authority when bargaining unit members are needed and the ranks of officers needed for scheduled events nor shall anything in this article prevent management from utilizing on duty officers or reserve officers for events it deems appropriate.
- F. The Lodge recognizes and agrees scheduled events may require only the holding over of supervisory personnel or shift commanders. Nothing in this article shall prevent such action.
- G. The Lodge recognizes some scheduled events may require the use of only a special unit such as the Honor Guard, motorcycle officers, Special Operations Team, etc. In that event the system described in items A through D shall be waived.
- H. The Lodge recognizes the right of the Employer to call back to work any officer in an unscheduled emergency situation or holdover officers when warranted without

regard to seniority.

- I. In addition to (A-D) and (G) above, when the event has been scheduled less than fourteen (14) days in advance and management determined off duty bargaining unit members are needed, management will make a good faith attempt to notify all bargaining unit members of the event through bulletin board postings but are not bound by the provisions of this Article.

Section 10. Any bargaining unit member who is called back to work for additional duty including being subpoenaed to appear in court shall receive compensation based upon the specific provision of this Article with a minimum of two (2) hours. Officers held over for duty shall not be eligible for this benefit.

Section 11. Bargaining unit members may be assigned to call out status from time to time as described in the employee handbook (Stand-by Assignment). Call out status is defined as an officer who must mandatorily respond to a call after regular work hours, participates in a department recognized rotation and the call out assignment is for a seven (7) calendar day period. If the call out status is for a period less the eighty (80) hours in the seven (7) day period the officer shall receive five (5) hours of pay at the base hourly rate. If the call out status is for a period greater than eighty (80) hours in the seven (7) day period the officer shall receive ten (10) hours base pay.

VACATION

Section 1. Vacation shall accrue and be available for use after one year of service or after successfully completing the extended probationary period, whichever is later, and additional vacation time will accrue according to years of service on the employee's anniversary date. The amount of the accrual and the maximum accumulation is set forth in the following schedule:

Fifteen years but less than twenty	176 hours	314 hours
Twenty or more	200 hours	354 hours

Section 2. Vacation leave cannot be expended in less than one (1) hour increments. Vacation leave cannot exceed the actual amount available for use or scheduling. For the purpose of expenditure accrued vacation shall be credited on the employees anniversary date. Vacation scheduling shall be in accordance with work requirements as determined by the Police Chief, and whenever possible as per the employee's request.

Section 3. Upon separation from employment if an employee has completed twelve (12) months of continuous employment, the employee will be compensated for any unused vacation leave. In the event of death, the bargaining unit member's estate will be compensated at the deceased employees hourly rate of all accrued vacation leave. An employee dismissed for embezzlement of City funds, theft or deliberate destruction of City property shall not be

compensated for any unused vacation. All property owned by the City but furnished to the employee, including uniform items must be returned in usable condition, normal wear and tear expected in order to qualify for compensation for unused vacation leave upon separation.

Section 4. The Lodge and the City agree to adopt a vacation scheduling policy effective January 16, 1996 as described in the attached exhibit "B".

Section 5. Employees shall be permitted to donate accrued vacation leave to a fellow employee who is suffering from or has an immediate family member suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which has caused or is likely to cause the employee to take leave without pay or terminate employment. In addition, shared leave may be donated to an employee who encounters a personal crisis, which does not include a severe illness or injury.

As used in Section 5:

1. Immediate family member shall be limited to the spouse, child, and parent(s) of the employee
2. "Severe" or "Extraordinary" means serious, extreme, or life threatening,
3. Personal Crisis shall mean a crisis of a severe nature that directly impacts the employee. A personal crisis shall be limited to a natural disaster impacting the employee's primary residence or the death of an immediate family member, and
4. "City employee" means a regular, non-probationary fulltime employee who is covered under the terms of this contract, or another eligible employee as allowed by policy or contract. It does not include employees in a probationary or part-time status.

An employee may be eligible to receive shared leave pursuant to the following conditions:

1. A request by the Chief has been made to the Human Resources Director who will make a review of necessary documentation by the employee and will certify the need for leave based on a review of provided documentation.
2. The Human Resources Director determines that the employee meets the criteria described herein, and
3. The City Manager authorizes such leave for the number of hours recommended by the HR Director, and

4. The employee has abided by City policies regarding the use of sick leave and other available leave benefits

An employee may donate vacation leave to another employee only, pursuant to the following conditions:

1. If the City employee is suffering from or has an immediate family member suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which has caused or is likely to cause the employee to take leave without pay or terminate employment, the receiving employee must have exhausted or will exhaust all forms of applicable paid leave including vacation, sick, and compensatory leave due to an illness, injury, impairment, or physical or mental condition, which is extraordinary or severe in nature and involves the employee or immediate family member of the employee.
2. If the City employee has encountered a personal crisis, the receiving employee must have exhausted or will exhaust all forms of available vacation leave and compensatory leave.
3. The condition has caused, or is likely to cause, the receiving employee to go on leave without pay or terminate employment.
4. The City Manager authorizes such leave to be shared with an eligible receiving employee, and
5. The donating employee may donate any amount of vacation leave provided the donation does not cause the vacation leave balance of the donating employee to fall below eighty (80) hours.
6. The receiving employee has not been disciplined for any type of excessive leave use or abuse in the previous five (5) years.

The Human Resources Director shall recommend to the City Manager the amount of donated leave an employee may receive and only authorize a receiving employee to use up to a maximum of one thousand and forty hours (1040) during total City employment.

The Human Resources Director shall require the receiving employee to submit, prior to approval or disapproval, a medical certificate from a licensed physician or health care practitioner verifying the severe or extraordinary nature and expected duration of the condition,

if the need for leave is due to an extraordinary or severe illness, injury, impairment, or physical or mental condition. If the employee suffers from a personal crisis, appropriate documentation will be required verifying the nature of the crisis.

The receiving employee shall be paid his or her regular rate of pay; therefore, one hour of shared leave may cover more or less than one hour of the salary of the recipient. The calculation of leave value of the recipient shall be in accordance with policies, regulations, and procedures. The dollar value of the leave is converted from the donor to the recipient. The leave received will be designated as shared leave and be maintained separately from other leave balances.

Any donated leave may only be used by the recipient for the purposes specified in this Section.

All forms of paid leave available for use by the recipient shall be used prior to using shared leave, as outlined above.

Employees who begin receiving short-term disability (STD) and/or long-term disability (LTD) will become ineligible for receipt of leave donation once STD or LTD begin. If STD or LTD cease and the employee still has a need for leave, benefits will again be made available.

Any shared leave not used by the recipient during each occurrence shall be returned to the donor. The shared leave remaining over one-quarter (1/4) hour will be divided among the donors on a prorated basis based on the original donated value and returned at its original donated value and reinstated to the vacation leave balance of each donor.

The receiving employee will be under no obligation to repay donated leave.

All donated leave must be given voluntarily. No employee shall be coerced, threatened, intimidated, or financially induced into donating vacation leave for the purposes of this Section. The decision of an employee to donate or not donate leave shall not be considered for employment purposes such as promotions, salary increases, or disciplinary proceedings.

Once the employee has made a request for donated leave, the Human Resources Department will send all employees a memorandum notifying the employee has requested leave donation.

The donating employees shall submit a "Request to Donate Leave" form to the Human Resources Department which shall state the amount of time donated and to whom the leave is donated. Such forms will be available in the Human Resources Department.

Donating employees can transfer on an hour for hour basis accrued compensatory time leave into vacation leave to replace donated vacation leave. The compensatory time transferred shall not exceed the number of vacation hours donated. The donating employee shall submit a "Request to Transfer Leave" form to the Human Resources Department at the same time he/she submits the "Request to Donate Leave" form mentioned above. Such forms will be available in the Human Resources Department.

The receiving employee will not accrue vacation or sick leave while on donated vacation leave.

For the purposes of this Article, absence shall be defined as an employee scheduling and taking leave; specifically vacation, holiday, sick leave, compensatory time, approved leave of absence with or without pay, court leave, training leave, etc. Regularly scheduled days off shall not be counted in calculating the minimum shifts needed to earn the benefits. When a Sergeant or Captain assigned to patrol or investigations is absent for the above stated reasons management will assign an employee to work out of class. Every employee who is selected for random drug or alcohol testing shall proceed to the test site immediately upon notification, unless the employee is actively performing a safety-sensitive function at the time of notification which will not reasonable allow his or her replacement. In such cases, the employee’s supervisor shall ensure that the employee proceeds to the testing site as soon as possible.

Generally, employees will be informed that they have been selected to submit samples after they have arrived at work on the day of collection. Specimen collection shall occur as soon as possible after the beginning of the work shift.

6.1.5 Post-rehabilitation Testing: If an employee is allowed to return to work after a confirmed positive test result or following participation in a drug/alcohol dependency treatment plan, the employee will be subject to drug and alcohol tests without notice for a period of up to two years from the date of the employee's return to work.

6.1.6 Results and confirmation testing: Positive results will receive a confirmation test. If the confirmation test yields a positive result, the test result will be a "confirmed positive."

The employee or applicant may have the same sample re-tested if the employee/applicant requests, in writing, such a re-test within twenty-four (24) hours of receipt of notification of the positive result in order to challenge the results. See also Section 6.4, entitled Cost of Testing. In addition, the employee or applicant shall, at all times, have the right to explain the test results in confidence.

6.2 Testing Methods and Collection Procedures:

6.2.1 All collection and testing shall be done in accordance with the rules promulgated by the State Board of Health.

6.2.2 All sample collection and testing for drugs and alcohol pursuant to the provisions of this act shall be conducted in accordance with the following conditions:

4. Samples shall be collected and tested only by individuals deemed qualified by the State Board of Health and may be collected on the premises of the employer;
5. Only samples deemed appropriate by the State Board of Health for drug and alcohol testing shall be collected;
6. The collection of samples shall be performed under reasonable and sanitary conditions;
4. A sample shall be collected in sufficient quantity for splitting into two separate specimens, pursuant to rules of the State Board of Health, to provide for any subsequent independent analysis in the event of challenge of the test results on the main specimen;
5. Samples shall be collected and tested with due regard to the privacy of the individual being tested. In the instances of urinalysis, no employer or representative, agent or designee of the employer shall directly observe an applicant or employee in the process of producing a urine sample; provided, however, collection shall be in a manner reasonably calculated to prevent substitutions or interference with the collection or testing of reliable samples;
6. Sample collection shall be documented, and the documentation procedures shall include:
 - a. labeling of samples so as reasonably to preclude the probability of erroneous identification of test results, and
 - b. an opportunity for the applicant or employee to provide notification of any information which the applicant or employee considers relevant to the test, including identification of currently or recently used prescription or nonprescription drugs, or other relevant information;
7. Sample collection, storage, and transportation to the testing facility shall be performed so as to reasonably preclude the probability of sample contamination or adulteration;
8. Sample testing shall conform to scientifically accepted analytical methods and procedures. Testing shall include confirmation of any positive test result by gas chromatography, gas chromatography-mass spectroscopy, or an equivalent scientifically accepted method of equal or greater accuracy as approved by Board rule, at the cutoff

levels as determined by Board rule, before the result of any test may be used as a basis for refusal to hire a job applicant or any action by an employer pursuant to Section 6.5 herein; and

9. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required.

6.3 Time of Testing:

All testing of current employees required by the City shall occur during or immediately after the regular work period of such employee and shall be deemed work time for purposes of compensation and benefits to an employee.

6.4 Cost of Testing:

The City shall pay all costs of testing for drugs or alcohol required under this policy, including confirmation tests required. The City will pay the cost of transportation if the testing of a current employee is conducted at a place other than the workplace. Provided, however, an individual who requests a retest under Section 6.1.6 shall pay all costs of the retest, unless the retest reverses the findings of the challenged positive test in which case, the City shall reimburse the individual for the costs of the retest.

6.5 Potential Adverse Personnel Actions:

6.5.1 If an employee reports to Human Resources that he or she has a drug or alcohol abuse problem prior to being requested to test under this policy and prior to being charged with violating any provision of this policy, that employee will be given the option to complete a City approved rehabilitation program and agree to the post rehabilitation testing as described in Section 6.1.5. If the employee accepts that option and completes all requirements listed herein, the employee will not receive any discipline for self-reporting. However, at all times, the employee remains subject to this policy. Merely selecting the option described herein does not relieve the employee of discipline which may be imposed due to a positive result as described in Section 6.5.2 or which may be imposed for any other violation of this or any other regulation, policy, practice, law or the like.

6.5.2 The City may take disciplinary action, up to and including termination, against an employee who refuses to undergo drug or alcohol testing or who tests positive for the presence of drugs or alcohol. Such discipline will

follow a pre-determination hearing, if applicable. In addition to the alleged offense, the appropriate course of action shall be determined based on the employee's total work record including but not limited to any prior drug or alcohol problems.

6.5.3 The City, in its sole discretion, may offer continued employment after discovering a violation of this regulation which shall be contingent upon the employee agreeing in writing to undergo Post-Rehabilitation Testing as provided in Section 6.1.5 and to satisfactorily participate in the Employee Assistance Program or another program recommended by the EAP as directed by the City.

6.5.4 Grievances arising from implementation and operation of this drug testing policy will be handled through the [Grievance Policy](#) or applicable collective bargaining procedures.

6.5.5 **Medical Marijuana Notice:** The consequences described in this section will apply to a person who tests positive for marijuana if that person (i) does not possess a valid Oklahoma medical marijuana license (MML); or (ii) possesses, consumes, or is under the influence of medical marijuana or medical marijuana product while at the place of employment or during the fulfillment of employment obligations; or (iii) is or would be assigned to a Safety-Sensitive Position or is performing safety-sensitive job duties, as defined in this policy.

6.6 **Rights of an Applicant or Employee to Explain Test Results:** An applicant or employee may have a reasonable opportunity to explain, in confidence, any reasons that the test result, in the applicant's or employee's opinion, may have been positive, including the opportunity to explain in confidence to the City's Medical Review Officer the presence of any drug in the applicant or employee's system, or any other relevant information, and to substantiate such explanation with medical evidence.

6.7 **Confidential Records:** Records of all drug and alcohol test results and related information maintained by the City shall be the property of the City and, upon the request of the applicant or employee tested, shall be made available for inspection and copying to the applicant or employee tested. The City will not release such records to any person other than the applicant or employee tested, except that the City may release the records for any of the following purposes:

- As admissible evidence by the City or the individual tested in a case or proceeding before a court of record or administrative agency if either the City or the individual tested are names parties in the case or proceeding;
- In order to comply with a valid judicial or administrative order; or
- To the City's employees, agents and representatives who need access to such records in the administration of the Standards For Workplace Drug and Alcohol Testing Act.

Notwithstanding the foregoing, the City may enter into a contract with another employer allowing the entities to share the results of drug or alcohol testing of any tested person who works pursuant to such contractual agreement.

6.8 Available Appeal Procedures:

Any employee who disagrees with a personnel action taken as a result of his or her refusal to undergo drug or alcohol testing, or because of a test result, will upon request, be given an opportunity to discuss such matter with the Human Resources Director, or his or her designated representative. Such discussion shall constitute the employee's or applicant's appeal to any personnel action taken, except to the extent that the employee has other grievance rights via City personnel policies and procedures or a collective bargaining agreement.

6.9 Safety-Sensitive Position or performing safety-sensitive job duties

Being in a Safety-Sensitive Position or performing safety-sensitive job duties includes tasks or duties that the City reasonably believes could affect the safety and health of the employee performing the task or others.

Safety-Sensitive Positions: The City's designated Safety-Sensitive Positions are maintained, reviewed and updated as needed, on the City's Safety-Sensitive Position List.

Generally, the City designates any employee engaged in the following duties as an employee in a Safety-Sensitive Position and/or performing safety-sensitive job duties:

- i. Duties may risk injury to themselves or others; or
- ii. Employees whose job responsibilities involve public safety or the safety of others; or
- iii. Must use dangerous tools/equipment in the performance of their job duties; or

The City reserves the right to modify the Safety-Sensitive Positions List in keeping with the law as positions or duties may change from time to time. If you have a question as to whether your job has been designated a Safety-Sensitive Position or whether you are performing safety-sensitive job duties, as your manager or Human Resources.

6.10 Questions about this policy:

This Policy is governed by and subject to the laws of the State of Oklahoma, Okla. Stat. tit. 40 § 551 et seq. Should you have any questions about this Policy, please contact the Human Resources Department.

Exhibit "B"

The purpose of this exhibit is to establish a fair and equitable procedure for bargaining unit members to schedule paid leave time. Nothing in this exhibit shall limit the employer's authority in determining the number of employees who may schedule paid time off, determining sufficient staffing nor limit management's authority as provided by the contract, department policy or practice.

Section 1. For scheduling purposes all members of the bargaining unit will be given a ranking to coincide with their seniority based upon the criteria in Article VIII. For purposes of scheduling paid leave, employees at the same rank and assignment and/or shift will compete against one another. Paid time off is defined as vacation leave, holidays and compensatory time.

Section 2. Paid leave requests shall be submitted by the bargaining unit member to their immediate supervisor. The supervisor in conjunction with other management will approve or reject the request.

Section 3. Paid leave requests for a minimum of forty (40) work hours; the leave will be granted on the basis of seniority up to ninety (90) days prior to the first day of the leave requested. A more senior employee may bump an employee ninety (90) or more calendar days prior to the first day of the requested leave. If bumping occurs the bumped employee will be notified within five (5) calendar days. Once the ninety (90) day threshold has been reached the employee who has made the scheduling request may not be bumped. If a request for paid time off is made less than ninety (90) days prior to the date and it is approved, the requesting employee may not be bumped. (Example-if an employee requests July 1st through 5th the employee may be bumped no later than April 2nd.)

Section 4. Paid leave requests for thirty-nine (39) hours or less; the leave will be granted on the basis of seniority up to thirty days prior to the first day of the leave requested. Therefore, a more senior employee may bump an employee thirty (30) or more calendar days prior to the first day of the requested leave. If bumping occurs the bumped employee will be notified within five (5) calendar days. If a request for paid time off is made less than thirty (30) days prior to the date requested the employee may not be bumped. (Example-if an employee requests July 4th the employee may be bumped no later than June 4th).

Exhibit “C”
Body Worn Camera Policy

Both parties agree the body worn camera policy is a mandatory item for bargaining. The body worn camera policy (REG315) shall be a part of this contract. Any modification to this policy is subject to bargaining and must be negotiated prior to any implementation. Policy below:

The Broken Arrow Police Department acknowledges all police encounters and/or incidents cannot be predicted. This policy is utilized as a guideline for officers in the best interest of transparency and accountability. However, due to the unpredictable nature of the police profession, deviation from this policy is allowed when in the best interest of safety, reasonableness, and/or when considering a totality of the circumstances. Police encounters can be tense, uncertain, and rapidly evolving. For these reasons, officers are never expected to prioritize camera operations and guidelines over safety and reasonableness.

Body-worn cameras (BWC) provide objective recordings of events that officers encounter. These recordings may provide valuable evidence for prosecution, assist officers with completing reports, and protect officers from false allegations. Body-worn camera recordings will only be used for official purposes and shall never be used to embarrass, exploit, or harass an employee or the public.

The department acknowledges that any visual recording is only representative of one perspective of an event and that a camera may “see” differently than the human eye. An officer’s recall of an event, particularly in a critical incident or acute-stress encounter, is distinct from any other view.

POLICY

The following procedures govern the use and management of body-worn camera systems. These procedures do not apply to undercover investigations and/or court-ordered or court-authorized electronic surveillance.

Oklahoma is a one-party consent state; therefore, when an officer is a party to a recorded conversation, he or she is not violating state law.

Each officer must be trained in the operation of the body-worn camera system and the applicable written policies and directives prior to use. Only department-issued body-worn camera systems shall be used. Each officer assigned a body-worn camera is required to use it during his or her shift and shall operate the assigned body-worn camera in accordance with policies and directives. All department-issued body-worn cameras, associated equipment, and recordings are the property of the Broken Arrow Police Department.

Violation of any section of this procedure may result in disciplinary action.

a. To assist with an investigation and completion of reports;

b. Before making any statement or being interviewed. If an officer has reason to believe that individually identifiable health

information has been recorded, a comment should be noted once the video has been uploaded. Records will redact any individually identifiable health information.

O. Access and Viewing of Body-Worn Camera Recordings

All access, viewing, and activity related to body-worn camera recordings are logged and subject to audit at any time. Access and viewing of body-worn camera recordings shall only be by personnel, as authorized by this procedure.

J. Audit/Reviews of BWC

The purpose of this policy is to ensure regular audits and reviews of Body Worn Camera (BWC) footage to promote accountability, adherence to department protocols, and compliance with Gen 212 policy. This policy establishes guidelines for identifying and addressing performance issues or violations, while distinguishing between different levels of violations and their respective documentation processes.

Scope

This policy applies to all personnel required to utilize Body Worn Cameras during their duties, as well as supervisors responsible for conducting reviews and audits of BWC footage.

General Guidelines

1. Audit and Review Frequency

Audits and reviews of BWC footage will be conducted on a regular basis to ensure compliance with departmental policies, specifically Gen 212. Captains will be responsible for overseeing the audit process and ensuring any observed violations are addressed in a timely manner.

2. Category I Violations

Category I violations include minor breaches of protocol or performance-related issues that do not involve misconduct or intentional disregard for policy. If a Category I violation is observed during an audit or review, it must be referred to the immediate supervisor for "on the spot" corrections to the employee's performance of duty.

- o **Documentation:** Informal documentation of the correction must be entered into NEOGov to maintain a record of the incident and the corrective action taken.

- o **Action:** The supervisor will address the issue with the involved employee immediately, providing guidance and corrective instructions.

3. Category II Violations

Category II violations involve more serious breaches of policy, including intentional misconduct, negligence, or actions that could lead to disciplinary measures. These are the primary focus of the audit and review process.

- o **Documentation:** Any Category II violation observed during the audit must be documented in Blue Team, outlining the nature of the violation, the personnel involved, and any further action required.

- o **Action:** The violation will be escalated through appropriate channels, and formal investigations or disciplinary actions may be initiated, depending on the severity of the incident.

4. Compliance with Gen 212 Policy

All audits and reviews conducted under this policy must adhere to the procedures outlined in Gen 212. Any discrepancies or additional steps required by Gen 212 must be incorporated into the audit process to ensure complete compliance.

Accountability

Supervisors conducting audits are responsible for ensuring that all violations, whether Category I or II, are handled according to this policy. Failure to follow proper documentation or escalation procedures may result in disciplinary action for the responsible supervisor.

Continuous Improvement

The results of BWC audits and reviews will be periodically assessed to identify trends and areas for improvement. Training and development plans may be adjusted based on the findings from these audits to ensure ongoing compliance and operational excellence.

Public Relations Utilization

The Public Relations Unit (PRU) may utilize body worn camera footage to highlight exemplary work by officers in the course of their duties. This may be utilized for such purposes with approval of the affected officers' approval and the approval of a Captain or above.

Exhibit "B"

The purpose of this exhibit is to establish a fair and equitable procedure for bargaining unit members to schedule paid leave time. Nothing in this exhibit shall limit the employer's authority in determining the number of employees who may schedule paid time off, determining sufficient staffing nor limit management's authority as provided by the contract, department policy or practice.

Section 1. For scheduling purposes all members of the bargaining unit will be given a ranking to coincide with their seniority based upon the criteria in Article VIII. For purposes of scheduling paid leave, employees at the same rank and assignment and/or shift will compete against one another. Paid time off is defined as vacation leave, holidays and compensatory time.

Section 2. Paid leave requests shall be submitted by the bargaining unit member to their immediate supervisor. The supervisor in conjunction with other management will approve or reject the request.

Section 3. Paid leave requests for a minimum of forty (40) work hours; the leave will be granted on the basis of seniority up to ninety (90) days prior to the first day of the leave requested. A more senior employee may bump an employee ninety (90) or more calendar days prior to the first day of the requested leave. If bumping occurs the bumped employee will be notified within five (5) calendar days. Once the ninety (90) day threshold has been reached the employee who has made the scheduling request may not be bumped. If a request for paid time off is made less than ninety (90) days prior to the date and it is approved, the requesting employee may not be bumped. (Example-if an employee requests July 1st through 5th the employee may be bumped no later than April 2nd.)

Section 4. Paid leave requests for thirty-nine (39) hours or less; the leave will be granted on the basis of seniority up to thirty days prior to the first day of the leave requested. Therefore, a more senior employee may bump an employee thirty (30) or more calendar days prior to the first day of the requested leave. If bumping occurs the bumped employee will be notified within five (5) calendar days. If a request for paid time off is made less than thirty (30) days prior to the date requested the employee may not be bumped. (Example-if an employee requests July 4th the employee may be bumped no later than June 4th).
