

Department Name: City of Broken Arrow

SAFER Award Number: EMW-2015-FH-00433

Date of Award/Roster: 26-Aug-16

*This list must include the name and rank of all paid full-time operational/firefighting personnel that support the department's NFPA 1710/1720 compliance as of the date of award.

An operational position is defined as a position with a primary assignment (more than 50 percent of duties) of fire suppression, which includes staffing a fire suppression vehicle, regardless of the department's NFPA 1710 or NFPA 1720 compliance.

NOTE: If you have full-time equivalent (FTE) positions that are shared by more than one firefighter, please make sure to clearly identify the number of positions, in the list below. Each FTE position minimum required staffing level.

Volunteer personnel, administrative personnel/civilians, and paid-on-call/stipend personnel do not need to be included on the list.

Please be sure to complete all requested information; incomplete rosters will be sent back for corrections. The information provided in this roster will be used to determine the department's rec number. If you need assistance completing the roster or have questions, please contact me.
