- B. 24-58 **Presentation and discussion of the Financial Statements of the City of Broken Arrow through November 30, 2023 for the General Fund, Broken Arrow Municipal Authority, Police Sales Tax Fund, Fire Sales Tax Fund and Visit BA**
Finance Director Cindy Arnold indicated this Item would be included in the Agenda every

month and the financial statement dates would lag by six weeks. She explained the financial statement dates presented in today's meeting were ending November 30, 2023. She stated as of November 30, 2023, Broken Arrow was 41.6 percent through the fiscal year (July 1, 2023 through June 30, 2024). She reported the financial statements included the total budget, revenue collected to date, current month's collection, and percentage of budget. She noted all revenues were coming in on schedule, license and permit revenues were high, and the interest collected on investments was high. She indicated the current total budget was \$108 million dollars, the City collected \$45.8 million dollars and the current month's collection was \$8.9 million dollars. She reported the expenditures percentage of budget was lower in many departments as expenditures were upcoming, for example maintenance services for computers would be performed in May 2024. She reported the budget net income was \$293,000 dollars; to date it was at \$2.7 million dollars, and the net income for the current month was \$291,000 dollars, so currently the City was in excellent shape.

Ms. Arnold reported BAMA was on target; its total budget was \$88.9 million dollars, revenues collected to date \$37.5 million dollars, current month's collection was \$7.2 million dollars. She reported the expenses total budget was \$131 million dollars, expended to date was \$39.4 million dollars, and the current month's expenditures were a little over \$6 million dollars. She reported the draws received were a revenue source BAMA did not budget for as it was money which was already expended and was then refunded by OWRB. She reported the draws received were \$1.8 million dollars, and BAMA requested \$2.6 million dollars for December 2023.

Ms. Arnold reported the Police Sales Tax Fund total budget collected to date was on target. She reported the Police Sales Tax Fund had excess money, which was invested, and the CDs were doing very well. She stated the Police Sales Tax Fund expended to date was \$13.6 million dollars and the current month was \$342,000 dollars in the negative. She explained this was due to the recent contract agreement, and this was the longevity payout in November.

Ms. Arnold reported the Fire Sales Tax Fund was also on target, interest was high in the invested funds. She stated revenue income year to date was \$2.5 million dollars and the current month was \$308,000 dollars. She said in January's review the month to date would be low because of the contract.

Ms. Arnold stated the hotel and motel tax collection was good at 52.2% of budget, and occupancy was high. She noted regarding the invoice process, with four accounts payable employees, 14,552 invoices had been processed, and 6,671 checks had been processed for a total of \$58 million dollars. She noted this did not include debt service as debt service was automatically drawn from the banks. She reported the average interest on investments was 5.24 percent. She reported the City had \$148 million dollars invested right now and year to date interest was \$3.2 million dollars. She indicated the Financial Statements would be included on a monthly basis on the Consent Agenda to keep everyone up to date.

C. 24-59 Presentation of the OpenGov digital platform for transparency on the City's finances

Ms. Arnold reported in 2017 Broken Arrow launched OpenGov, and when Broken Arrow moved to the new ERP system OpenGov went to the wayside due to difficulties. She reported OpenGov was now ready to relaunch, and she thanked the Finance Team for the time and effort which went into the relaunch. She explained this OpenGov was a different program. She made a demonstration on how to use the new OpenGov program at www.BrokenArrowOKOpenGov.com. She logged onto the website and walked the City Council through the OpenGov site.

City Council thanked and commended Ms. Arnold and her team.

9. General Council Business

A. 24-54 Consideration, discussion and possible approval of and authorization to execute Resolution No. 1557, a resolution by the Broken Arrow City Council to submit grant applications to the Federal Emergency Management Agency for developing Master Drainage Plans

Stormwater Division Manager Pat Wilson reported the City of Broken Arrow had an opportunity to apply for five grants from the United States Federal Emergency Management Agency, FEMA, for developing Master Drainage Plans for five distinct watersheds: Adams Creek, Broken Arrow Creek, Elm Creek, Haikey Creek, and Aspen Creek. He reported if applied and awarded, the maximum City cost would be a 25 percent match or less. He stated \$500,000 dollars in unnamed funds from the 2018 GO Bond, Proposition 5, could go towards Master Drainage Plans, and the rest of the funds could come from other bond money, stormwater capital, and like kind services (staff time tracked and documented). He stated this

Resolution granted permission to apply for the grants; if awarded, he could come back before City Council to ask permission to accept the grants.

Council Member Johnnie Parks asked if the Master Drainage Plans would help deal with flooding.

Mr. Wilson responded in the affirmative.

Council Member Parks stated developing plans to alleviate flooding was something the City could use for the benefit of the community.

B. 24-147 Consideration, discussion, and possible approval of a budget transfer to re-furbish and re-mount one (1) 2019 AEV ambulance by Professional Ambulance Service DBA SERVS; and also purchase one (1) Horton Ambulance from SERVS including the additional equipment needed from Stryker

Fire Chief Jeremy Moore reported many months ago Council approved \$600,000 dollars to remount three ambulances for the Fire Department as part of the STCI budget for FY2024; however, due to challenges in obtaining sufficient chassis for remounting three 2019 ambulances, the Fire Department was requesting to reallocate some of those funds. He explained only one chassis would be able to be obtained in the Spring of 2024. He stated to move forward Staff recommended continuing to remount one ambulance as planned in the Spring, but then reallocating the remaining funds combined with other surplus Sales Tax Capital Improvement (STCI) funds to purchase one new fully equipped Horton Ambulance. He stated the Fire Department was asking City Council to approve and authorize a budget transfer to re-furbish and re-mount one 2019 AEV ambulance by Professional Ambulance Service DBA SERVS; and also purchase one Horton Ambulance from SERVS including the additional equipment needed from Stryker.

Vice Mayor Christi Gillespie asked if this was simply a fund reallocation.

Chief Moore responded in the affirmative.

Council Member Parks asked where the funds were coming from.

Chief Moore explained the funds were approved in the Fire Department Budget to complete three remounts of ambulances, now the approved funds would be reallocated to remount one ambulance and purchase one new ambulance. He said the funds were Fire Department funds budgeted to be used for ambulances, and it would still be used for ambulances.

Council Member Justin Green asked if the other two ambulances slated for remounting, which were not going to be remounted this year, were still serviceable.

Chief Moore responded in the affirmative. The other two ambulances were 2019 ambulances and would be serviceable until new chassis could be purchased for them in the 2025 Fiscal Year Budget. He stated purchasing a new ambulance now would add another ambulance to the fleet which would then be added to the remount rotation in five years. He stated this was a proactive solution to the problem of not being able to obtain new chassis.

City Manager Spurgeon stated he felt this was the best solution based on the circumstances.

MOTION: A motion was made by Christi Gillespie, seconded by Lisa Ford.

Move to approve a budget transfer to re-furbish and re-mount one (1) 2019 AEV ambulance by Professional Ambulance Service DBA SERVS; and also purchase one (1) Horton Ambulance from SERVS including the additional equipment needed from Stryker

He reported Community Development was working with Kendig Keast on the new Zoning Ordinance. He stated originally Staff anticipated having the new Zoning Ordinance ready for presentation in late January or early February. He noted as the deadline drew near, Staff realized there was more work to be done and were

asking for a 90 day extension.

City Manager Spurgeon stated he recommended approval of the 90 day extension.

Citizen Joe Hillenburg stated he was in favor of the 90 day extension, and he hoped City Council would approve. He indicated he was a lifelong resident in Broken Arrow, attended Planning Commission meetings, and was a National Sales Service Manager for Winches Inc.

Citizen Karen Gutenkauf asked if she could ask a few questions.

Mayor Wimpee responded in the affirmative.

Ms. Gutenkauf stated she was a 7 year volunteer with Lab Rescue. She stated in the 14 years she lived in Broken Arrow she rescued over 100 dogs. She stated stray dogs posed many problems and were a big concern to the community. She indicated she witnessed someone trying to rescue a stray dog from the middle of the road who was bitten in the face. She stated Section 5-38, "Destruction or sale of impounded animals; sterilization of adopted dog or cat, reducing the time for the destruction of impounded animals from five to three days from the time of its impoundment" would restrict residents from being able to locate their dogs and safely bring their pet home. She stated she understood there was an overabundance of stray animals in the City, but she felt a 3 day hold was very restrictive for pet owners to be able to find their animals. She noted her animals have been registered with the City, but occasionally get out and run away, and she felt this new 3 day restriction should be revisited. She asked what measures were in place to find pet owners, was the City checking for chips, and did Animal Control have the necessary equipment to do so. She stated she felt it was important for Animal Control to be able to check animals for chips to connect pets with owners.

Mayor Wimpee stated she wrote down Ms. Gutenkauf's questions and would give these questions to Staff to answer.
