**OKLAHOMA CITIZEN CORPS PROGRAM DEVELOPMENT
Project Summary Form**

THIS IS A GRANT APPLICATION FOR THE FOLLOWING CATEGORY OF CITIZEN CORPS PROGRAM (please check appropriate category and provide additional required information)

Community Emergency Response Team (CERT)

Citizen Corps Council with which the team is affiliated: Oklahoma _____

Council Contact Name _____

Council Contact Email/Phone _____

Is this CERT team registered on-line at www.citizencorps.gov/cert? yes no

Medical Reserve Corps Unit (MRC)

Citizen Corps Council with which the unit is affiliated _____

Council Contact Name _____

Council Contact Email/Phone _____

Is this MRC unit registered on-line at www.medicalreservecorps.gov? yes no

Volunteers In Police Service Program (VIPS)

Citizen Corps Council with which the program is affiliated _____

Council Contact Name _____

Council Contact Email/Phone _____

Is this VIPS program registered on-line at www.policevolunteers.org? yes no

Fire Corps Program (FC)

Citizen Corps Council with which the program is affiliated _____

Council Contact Name _____

Council Contact Email/Phone _____

Is this FC program registered on-line at www.firecorps.org? yes no

BUDGET (line item)

Planning \$ _____

Equipment \$ 95,400.00 _____

Training \$ _____

Exercise \$ _____

Total Amount of Proposal: \$ 95,400__

OKLAHOMA CITIZEN CORPS PROGRAM DEVELOPMENT

Project Summary Form

Project #1: Disaster Operations

Summary:

An urgent need is to outfit the year-old CERT organization to augment local professional providers. Considering the size of both the population, and the area served, notwithstanding the number of private and commercial structures we determine this project to be the utmost priority. This project is most important.

Equipment/Training requested

This project includes three turn-key, operationally ready CERT trailers meeting CERT objectives and MINS requirements excepting cribbing materials which will be purchased locally thus explaining the additional funding above and beyond the quotation from Pro Pac. Cribbing materials varying in size was difficult to quote.

Budget: \$70,000.00

Projected Completion Date: 1 March 2016

**OKLAHOMA CITIZEN CORPS PROGRAM DEVELOPMENT
Project Summary Form**

Project #2: Operational Recognition

Summary:

This project focuses on the need to create an Incident Command location and the recognition of CERT presence. Our first shelter was acquired in 2014 as part of a grant. A second shelter is necessary should two separate areas become affected. An easily recognized shelter and vehicles marked for CERT will allow the public to understand that they may approach for assistance. The size of the area mandates the ability for continued operational readiness at multiple locations during a major incident.

Equipment/Training requested

A CERT marked shelter and magnetic vehicle signs.

Budget: \$2,200.00

Projected Completion Date: 1 March 2016

**OKLAHOMA CITIZEN CORPS PROGRAM DEVELOPMENT
Project Summary Form**

Project #3: AED Enhancement

Summary:

This project involves the addition of one Automatic External Defibrillator (AED) per requested trailer to be used by those CERT personnel trained and certified in Advanced First-Aid, CPR and AED use. Current CERT personnel include those that are Emergency Medical Responders (EMR's), Emergency Medical Technicians (EMT's), two Paramedics and several Registered Nurses. Broken Arrow CERT, which is currently researching the possibility of acquiring its own Medical Director and certifying with the Oklahoma State Department of Health as a First Response organization, would use the AED's not only at all incidents, but at all community events where a First-Aid station is requested. These AED's would make response to serious medical emergencies at large community functions that require advanced treatment even more quickly thus making the possibility of saving a life much greater.

Equipment/Training requested

Three Physio-Control Life-Pak Model 1000's were chosen because the electrodes are compatible with more advanced Life-Pak models currently in use by the local Fire Department Paramedics and EMT's. This makes the transition from Basic Life Support to Advanced Life Support almost seamless. Integrating standards as such conform to current NIMS standards thus making both organizations (BAFD and BACERT) better able to manage emergency care of patients suffering serious issues.

Budget: \$10,200.00_____

Projected Completion Date: 1 March 2016

**OKLAHOMA CITIZEN CORPS PROGRAM DEVELOPMENT
Project Summary Form**

Project #4: CERT Program Educational Aids

Summary

This project seeks to acquire training and educational items for the purpose to further the training of CERT personnel. Items will also be used in the future to provide programs for the general public. Equipment was chosen to meet CERT requirements.

Equipment/Training requested

Equipment includes a fire suppression/extinguisher training element (fire pan), a rescue mannequin and CPR mannequins.

Budget \$13,000.00 _____

Projected Completion Date: 1 March 2016

Warranty Terms: The warranty covers all part defects in material or workmanship for a period of one year from date of purchase unless otherwise specified. The customer will be responsible for return shipping to nearest BullEx facility or replacing parts supplied by BullEx. The warranty does not cover damage caused by accident, neglect, or misuse by the client or its agents, servants or employees. Standard warranty excludes batteries and battery packs which have a 90 day warranty.

Payment Terms: A penalty of 1.5% per month will be charged on any invoices not paid within 30 days. Customers are responsible for all duties, taxes, and customs charges. All payments must be in US Dollars. BullEx Inc. is not responsible for any currency exchange differences. All orders will be invoiced and/or charged on the day in which the order is shipped. Terms on BullEx, Inc. quotes supersede any terms and conditions on a customer purchase order. Customer agrees to fully comply with U.S. Export Administration Regulations and all other U.S. laws and regulations concerning exports and re-exports to foreign countries.
