SECTION I. EASEMENTS AND UTILITIES

A. Utility Easements

The Owner/Developer does hereby dedicate for public use the utility easements as depicted on the accompanying plat as "UE" or "utility easement" for the several purposes of constructing, maintaining, operating, repairing, replacing, and/or removing any and all public utilities, including storm sewers, sanitary sewers, telephone and communication lines, electric power lines and transformers, gas lines, water lines and cable television lines, together with all fittings, including the poles, wires, conduits, pipes, valves, meters, and equipment for each of such facilities and any other appurtenances thereto, with the rights of ingress and egress to and upon the utility easements for the uses and purposes aforesaid; provided however, the Owner/Developer hereby reserves the right to construct, maintain, operate, lay and re-lay water lines and sewer lines, together with the right of ingress and egress for such construction, maintenance, operation, laying and relaying over, across and along all of the utility easements depicted on the plat, for the purpose of furnishing water and/or sewer services to the area included in the plat. The Owner/Developer herein imposes a restrictive covenant, which covenant shall be binding on each lot owner and shall be enforceable by the City of Broken Arrow, Oklahoma, and by the supplier of any affected utility service, that within the utility easements depicted on the accompanying plat no building, structure or other above or below ground obstruction that interferes with the above set forth uses and purposes of an easement shall be placed, erected, installed or maintained, provided however, nothing herein shall be deemed to prohibit drives, parking areas, curbing, landscaping and customary screening fences and walls that do not constitute an obstruction.

B. Underground Service

- Overhead poles may be located along the perimeter of the subdivision as necessary if located in utility easements for the purpose of the supply of underground service. Street light poles or standards may be served by underground cable, and except as provided in the immediately preceding sentence, all electric and communication supply lines shall be located underground, in the easement-ways reserved for general utility services and streets, shown on the attached plat. The owner does hereby restrict the utility easements shown and designated on the accompanying plat to a single supplier of electrical service.
- All supply lines in the Subdivision except those mentioned in paragraph 1 above, including electric, telephone, and cable television and gas lines shall be located underground in the easements reserved for general utility services shown on the plat of the subdivision. Service pedestals and transformers, as sources of supply at secondary voltages, may also be located in said easements.
- Underground service cables and gas service lines to all structures which may be located on all lots in the Subdivision may be run from the nearest gas main, service pedestal or transformer to the point of usage determined by the location and construction of such structure as may be located upon each said lot: provided that upon the installation of such a service cable or gas service line to a particular structure, the supplier of service shall thereafter be deemed to have a definitive, permanent, and effective right-of-way easement on said lot, covering a five-foot strip extending 2.5 feet on each side of such service cable or line, extending from the service pedestal, transformer or gas main to the service entrance on the structure or a point of metering.
- The supplier of electric, telephone, cable television and gas services, through its authorized agents and employees, shall at all times have right of access to all such easements shown on the plat to the Subdivision or provided for in this deed of dedication for the purpose of installing, maintaining, removing or replacing any portion of the underground electric, telephone, cable television or gas service facilities so installed by it. The supplier of electric, telephone, cable television also reserves the perpetual right, privilege and authority; to cut down, trim, or treat any trees and undergrowth on said easement.

C. Water and Sanitary Sewer Services

- The owner of the lot shall be responsible for the protection of the public water mains, sanitary sewer mains and storm sewers located on his lot.
- Within the utility easement areas depicted on the accompanying plat, the alteration of grade in excess of 3 feet from the contours existing upon the completion of the installation of a public water main, sanitary sewer main or storm sewer, or any construction activity which would interfere with public water mains, sanitary sewer mains or storm sewers shall be prohibited.
- Wagoner County Rural Water District No. 4, Oklahoma, or its successors, shall be responsible for the ordinary maintenance of public water mains and sanitary sewer mains, but the owner of the lot shall pay for damage or relocation of such facilities caused or necessitated by acts of the owner of the lot, his agents or contractors.
- Wagoner County Rural Water District No. 4, Oklahoma, or its successors, shall at all times have the right of access to all easements depicted on the accompanying plat, or otherwise provided for in this deed of dedication, for the purpose of installing, maintaining, removing or replacing any portion of underground water or sanitary sewer facilities.
- Where waterlines fall within a utility easement, that portion of the utility easement is for the use of Wagoner County Rural Water District No. 4, Oklahoma, or its successors. The easements dedicated herein for purpose of providing potable water are dedicated to Wagoner County Rural Water, Sewer, Gas and Solid Waste Management District No. 4. Providers of utilities other than potable water may use said easements for the purpose installing and maintaining their own utilities.

D. Storm Sewer Services

- The owner of the lot shall be responsible for the protection of the storm sewers located on his lot.
- Within the utility easement areas depicted on the accompanying plat, the alteration of grade in excess of 1 foot from the contours existing upon the completion of the installation of a storm sewer, or any construction activity which would interfere with public storm sewers shall be prohibited.
- The City of Broken Arrow, Oklahoma, or its successors, shall be responsible for the ordinary maintenance of public storm sewers, but the owner of the lot shall pay for damage or relocation of such facilities caused or necessitated by acts of the owner of his lot, his agents or contractors.
- The City of Broken Arrow, Oklahoma, or its successors, shall at all times have right of access to all easements depicted on the accompanying plat, or otherwise provided for in this deed of dedication, for the purpose of installing, maintaining, removing or replacing any portion of underground sewer facilities.

E. Gas Service

- Within the utility easement areas depicted on the accompanying plat, the alteration of grade in excess of one foot from the contours existing upon the completion of the installation of a gas main or any construction activity which would interfere with a gas main shall be prohibited.
- The supplier of gas service shall be responsible for ordinary maintenance of gas mains, but the owner shall pay for damage or relocation of such facilities caused or necessitated by acts of the owner, his agents or contractors.
- The supplier of gas service shall at all times have right of access to all easements depicted on the accompanying plat, or otherwise provided for in this deed of dedication, for the purpose of installing, maintaining, removing or replacing any portion of gas facilities.
- Underground gas service lines to all structures which may be located within the subdivision may be run from the nearest gas main to the point of usage determined by the location and construction of such structure as may be located upon the lot, provided that upon the installation of a service line to a particular structure, the supplier of service shall thereafter be deemed to have a definitive, permanent and effective easement on the lot, covering a 5 foot strip extending 2.5 feet on each side of the service line, extending from the gas main to the service entrance on the structure.

F. Surface Drainage

Each lot shall receive and drain, in an unobstructed manner, the storm and surface waters from lots and drainage areas of higher elevation and from streets and easements. No lot owner shall construct or permit to be constructed any fencing or other obstructions which would impair the drainage of storm and surface waters over and across any lot. The foregoing covenants set forth in this Paragraph F shall be enforceable by any affected lot owner and by the City of Broken Arrow, Oklahoma.

G. Paving and Landscaping Within Easements

The owner of the land affected shall be responsible for the repair of damage to landscaping and paving occasioned by necessary installation or maintenance of water, sewer, storm sewer, natural gas, communication, cable television, or electric facilities within the utility easement areas depicted upon the accompanying plat, provided however, Wagoner County Rural Water District No. 4, the City of Broken Arrow, Oklahoma or the supplier of the utility service shall use reasonable care in the performance of such activities.

H. Stormwater Detention Easement

- The owner/developer does hereby dedicate to the City of Broken Arrow Oklahoma for Public Use (Subject to Easements of Record) a perpetual easement on, over, and across the property designated and shown on the accompanying plat as Detention Easement (hereinafter referred to as the "Detention Easement Area") for the purpose of permitting the flow, conveyance, retention, detention and discharge of stormwater runoff from the lot within "Kum & Go #837"
- Detention, retention, and other drainage facilities constructed within the detention easement area shall be in accordance with the standards and specifications approved by the City of Broken Arrow, Oklahoma.
- Detention, retention, and other drainage facilities shall be maintained by the owner to the extent necessary to achieve the intended drainage, retention, and detention functions including repair of appurtenances and removal of obstructions and siltation and the owner shall provide customary grounds and underground detention facility maintenance within the detention easement area in accordance with the following standards:
- The Stormwater Detention Easement areas and facilities located on the property shall be maintained by the owner of the property upon which the detention easement is located at his cost in accordance with standards prescribed by the City of Broken Arrow, Oklahoma. In the event the owner should fail to properly maintain the detention, retention, and other drainage facilities, the City of Broken Arrow, Oklahoma, or its designated contractor may enter and perform maintenance necessary to the achievement of the intended drainage functions and may remove any obstruction or correct any alteration of grade or contour, and the cost thereof shall be paid by the owner. In the event the owner fails to pay the cost of maintenance after completion of the maintenance and receipt of a statement of costs, the City of Broken Arrow, Oklahoma, may file of record a copy of the statement of costs, and thereafter the costs shall be a lien against the lot within "Kum & Go #837". A lien established as above provided may be foreclosed by the City of Broken Arrow, Oklahoma.

SECTION II. ENFORCEMENT, DURATION, AMENDMENT AND SEVERABILITY

A. Enforcement

The restrictions herein set forth are covenants to run with the land and shall be binding upon the Owner/Developer, its successors and assigns. Within the provisions of Section I. Easements, and Utilities are set forth certain covenants and the enforcement rights pertaining thereto, and additionally the covenants within Section I, whether or not specifically therein so stated, shall inure to the benefit of and shall be enforceable by the City of Broken Arrow, Oklahoma. If the undersigned Owner/Developer, or its successors or assigns, shall violate any of the covenants within Section I, the supplier of utility service or the City of Broken Arrow, Oklahoma may bring an action at law or in equity against the person or persons violating or attempting to violate any such covenant, to prevent him or them from so doing or to compel compliance with the covenant.

B. Duration

These restrictions and covenants, to the extent permitted by applicable law, shall be perpetual but in any event shall be in force and effect for a term of not less than thirty (30) years from the date of the recording of this Deed of Dedication unless terminated or amended as hereinafter provided.

C. Amendment

The covenants contained in Section I. Easements & Utilities may be amended or terminated at any time by written instrument signed and acknowledged by the owner and by the Planning Commission or its successors with the approval of the City of Broken Arrow, Oklahoma. No amendment that causes utility easement to be vacated is valid until the Owner obtains an appropriate ruling from the district court of Tulsa County, Oklahoma or the written consent of all utility users.

D. Severability

Invalidation of any restriction set forth herein, or any part thereof, by an order, judgement, or decree of any court, or otherwise, shall not invalidate or affect any of the other restrictions or any part thereof as set forth herein, which shall remain in full force and effect.

PUD 247 DEVELOPMENT REGULATIONS

The property associated with this PUD shall be developed in accordance with the Broken Arrow Zoning Ordinance and the use and development regulation of the CN (Commercial Neighborhood) district, except as note below.

Parking

- Existing: The parking requirement is 1 space per 200 SF of building area plus one space per pumping station. Based on building area of 6,321 GSF and 14 pump spaces, this requires 46 spaces.
 - Propose: Modify the parking requirement to 1 space per 300 SF of building area plus one space per pumping station. The spaces for the pumping station are proposed to occur at the actual pump and not in the parking lots stalls. Based on building area of 6,321 GSF and 14 pump spaces, this requires 22 parking spaces and 14 pumping station spaces accounted for at the pumps.
 - Existing: For site plans of 2.5 acres or less in size, no parking space shall be located more than 50' from a landscaped area.
 - Propose: Modify so that for site plans of 2.5 acres or less in size, no parking space shall be located more than 70' from a landscaped area.
- Drives**
- Existing: The maximum drive width shall be 36' wide.
 - Propose: Modify to allow for a maximum drive width of 40' wide.
 - Existing: The maximum drive curb radius is 15'.
 - Propose: Modify to allow for a maximum drive curb radius of 25' for access to Highway 51 and 40' for access to Oneta Road.
 - Existing: The distance between the centerline of the driveways and the centerline of intersecting streets shall be a minimum of 250'.
 - Propose: Modify to allow for distance between the centerline of the driveways and the centerline of intersecting streets shall be a minimum of 210'. Only one point of access shall be allowed to State Highway 51, and only one point of access shall be allowed to Oneta Road. The access points shall be located as shown on the conceptual site plan.
 - Existing: All curb cuts shall be spaced at least 250' apart, centerline-to-centerline. In addition, the centerline of the access point shall either align with or be offset at least 200' from any access points on the opposite side of the street when a raised median is not present.
 - Propose: Modify to allow all curb cuts shall be spaced at least 120' apart, centerline-to-centerline. In addition, the centerline of the access point shall either align with or be offset at least 80' from any access points on the opposite side of the street when a raised median is not present. The access point shall be located as shown on the conceptual site plan.

Signs

- Existing: No freestanding sign is permitted within 1,500 feet of a preexisting off-premises advertising sign.
 - Propose: Modify so that no freestanding sign is permitted within 300 feet of a preexisting off-premises advertising sign.
 - Existing: A freestanding sign shall not exceed 20' in height except as modified by the following: additional height may be granted for additional setbacks, measure from the ultimate right-of-way line on a 1' vertical to a 2' horizontal basis, to a maximum of 30' high.
 - Propose: Modify to a freestanding sign shall be installed in accordance with the Zoning Ordinance, but shall not exceed 30 feet' in height. Sign shall be located at least 20 feet away from the property line. Display area of sign shall not exceed 100 square feet per side and shall have a maximum of 2 sides.
- Setbacks**
- Existing: In a CN zoning district, the minimum front yard building setback is 50'.
 - Propose: Modify to in a CN zoning district, the minimum front yard building setback is 40'.
 - Existing: In the CN zoning district, the minimum rear yard building setback is 30 feet.
 - Propose: Modify so that the minimum rear yard setback is 25 feet.

Landscaping

- Existing: The landscape edge shall be a minimum width of 10'.
- Propose: Modify so that the landscape edge shall be a minimum width of 12'.
- Existing: One tree is required per 50 lineal feet of street frontage.
- Propose: Landscaping shall be provided in accordance with the Zoning Ordinance except that one tree shall be installed per 30 lineal feet of street frontage along both State Highway 51 and Oneta Road. The required trees shall be located adjacent to the respective street frontage. All trees installed on the property shall be medium to large trees, except where there are conflicts with overhead power lines.

Lighting

- Existing: Light poles shall not be placed in utility easements adjacent to street right-of-ways.
 - Propose: Modify to allow one light pole to be placed in utility easements adjacent to street right-of-ways and property owner assumes all liability and replacement responsibilities for any damage to light poles placed in utility easements. The light shall be a maximum of a 14' high pole and located near the air machine as shown on the conceptual site plan.
- Additional Requirements and Allowances**
- An 8' high opaque screen fence is required along the north property line. Fence shall be installed in accordance with the Zoning Ordinance along the north property line, except that it shall not be installed over the existing sanitary line at the northwest corner of the property. The commercial property owner shall be responsible for the maintenance of the fence. Since the fence will be installed along the common property line, installation of the fence shall be coordinated with the adjacent property owner.
 - Freestanding signs, including the pole structure, shall be covered/constructed so that the facing material is similar to the building facing material.
 - At the driveways, lanes shall be stripped for entrance and exit lanes.
 - If allowable by Oklahoma Department of Transportation, a paved shoulder taper transition will be provided along Highway 51 to transition to driveway.
 - One sculpture shall be allowed on the site with an overall height of 8' tall measure from the top of foundation. Sculpture shall have a footprint no larger than 4' X 9'.
