

Kenosha/Evans/Houston/209th (Section 8-18-15)

Level 6 designations are given to tracts adjoining the proposed South Loop in the southwestern and northwestern quarter sections consistent with the LUIS model and the desire to support more intense development in vicinity of the South Loop and the access that would be available from the interchange with Kenosha. Level 4 designations are given to the northeast and southeast corners based on the LUIS model. Level 3 designations are given to the western halves of the northeast and southeast quarter sections and adjacent to the Level 4 areas as a buffer between Level 6 and Level 2. Level 2 designations are given to tracts in the southeast quarter of the northeast quarter section and the northeast quarter of the southeast quarter section consistent with the LUIS model and as a transition to Level 1 areas east of 209th.
