A. PURPOSE

To establish policy for the use of tobacco products, including smokeless tobacco, by members of the Broken Arrow Fire Department, additionally to designate areas appropriate for smoking and tobacco use.

B. GENERAL

Medical evidence clearly shows that smoking and smokeless tobacco use is harmful. Smoke from cigarettes, cigars, and pipes is also an irritant to nonsmokers and can worsen allergic conditions. The Surgeon General of the United States has determined that both smoking and the inhalation of secondary smoke are health hazards. In addition, studies indicate that the use of nicotine products (e.g.: cigarettes, cigars, snuff, pipe, and/or chewing tobacco) can lead to adverse health consequences that include cardiovascular disease and cancer. Because the Fire Department is concerned about the health and welfare of all the employees and the citizens it serves, it is responsible for providing a work environment that does not present a health or safety hazard.

C. POLICY

2. Smoking shall be prohibited in **all** Department vehicles.

Supervisors shall determine and communicate to employees an acceptable outdoor location at their facility for employees to smoke or to use tobacco products. Locations for smoking must be at least 25 feet from an entry or exit of a City facility.
6. Visitors and non-employees in violation of these regulations shall be informed and asked to comply. If they fail to comply, they shall be told to leave the premises.

B. POLICY

1. The City of Broken Arrow considers its employees to be its most valuable resource and is concerned about the health, safety, well-being and satisfactory work performance of all employees. 2. The possession, use, manufacture, dispensation, sale or distribution of alcohol and/or illegal drugs (this includes illegally obtained prescription medication) while on duty, while in or on City property or while wearing a City uniform, whether on or off duty, is prohibited and may result in a suspension with pay pending further personnel action which may include a suspension without pay, transfer, demotion or termination.
3. Being under the influence of alcohol and illegal drugs (this also includes illegally obtained prescription medications) while on duty, while in or on City property or while wearing a City uniform, whether on or off duty, is prohibited and may result in discipline, up to and including termination.
4. The City of Broken Arrow requires applicants to submit to pre-employment drug testing and employees to submit to reasonable suspicion, post-accident, random and post rehabilitation drug and alcohol testing.
5. Employees who violate any aspect of this policy (including receiving a confirmed positive test result or refusing to submit to testing) may be subject to disciplinary action, up to and including termination. In addition, the City may, at its' discretion, require employees who violate this policy to successfully complete a substance abuse assistance or rehabilitation program as a condition of continued employment.

C. RESPONSIBILITY

It is the responsibility of each employee when reporting to work to be free from the influence and use of any illegal drug or alcohol and to comply with the City's Drug and Alcohol Free Workplace Policy.
