PUD-001634-2024 & BAZ-001633-2024 is a request to rezone 39.56 acres from R-2 (Single Family Residential) to RS-4 (Single-Family Residential) with a PUD (Planned Unit Development) for Oak Crossing, a proposed single-family detached development. This property is generally located east of 23rd Street and South of Houston Street. The property is presently undeveloped and unplatted.

This PUD & rezoning request is associated with the potential Oak Crossing development that proposes to create a single-family development with a maximum of 155 detached dwelling units on individual lots. Additionally, the PUD proposes a 10-foot buffer with walking trails along the eastern boundary and multiple reserve areas containing detention ponds and additional walking trails. The proposed development will meet the requirements of RS-4 zoning except where modified by the PUD. Access to 23rd Street and all adjacent stub streets will be required. All potential streets must be constructed to City of Broken Arrow standards. An additional single family residential driveway will serve the single lot located south of the railroad.
