Project Name:	Eagle Creek
Project Number:	SW21100
DAC Case Number:	20-002
DAC Agenda Number:	20-1054
Allocated Funds:	\$100,000.00
Basin:	Adams Creek
Funds Spent:	\$97,875.76
Funds Remaining:	\$2,124.24

Description: The project in Eagle Creek Subdivision was to install an inlet in the road and a storm sewer system to drain the runoff to the detention pond. The project was designed in 2022 and was bid in January 2023. The final pay app was paid in May 2024. The project was inspected during the rain events in late April and early May. The new storm sewer system is mitigating the issue of drainage into citizen's homes.

See Page 2 for photographs.

Recommendation: Close the project and transfer the remaining funds back to the Adams Creek Basin fund.
