Re Powerload install

ATTN: Broken Arrow Fire Dept

Thank you for taking the interest to allow EMSAR to provide you with the best possible cost for installation of 6 Stryker Power loads. I hope that you will decide to use EMSAR for your installation of your new power loads. This price will include all hardware and supplies needed to give you the most professional installation that will meet all Stryker manufactures specifications. This will also cover all travel cost and labor. Below will be the quote that will be able to get your power load installed please let me know if you need any additional information or if you would like us to move forward with your request please email me your confirmation and we can setup a date that we be good for both of us. Again thank you for considering EMSAR to be your service provider for your product.

**Cost: \$1100.00 per unit or \$6600.00 total**

Respectfully

Darrell Hendrix  
Area Manager/Technician
