

**Cypress Business Park
PUD-000956-2023**

Legal Description

Lot 4 and the West 75' of Lot 5, Block One of Vandever Acres Office Park

Project Overview

The property associated with Cypress Business Park is an undeveloped tract of land located approximately one-eighth mile northwest of the northwest corner of New Orleans Street (101st Street) and Elm Place (161st E. Avenue). PUD-03 indicates all eight lots in Vandever Acres were originally intended to be developed as a medical office park when it was platted in 1977. However, under current 2023 conditions, the surrounding area has changed, and the area has gravitated from Medical to Commercial General uses.

The Owner/Developer of the subject tract proposes to abrogate PUD-03 and recommends a new PUD to permit light manufacturing of glass products only (windows/doors) in an enclosed building on a portion of the subject tract, while the remainder will be for other uses permitted in the CG zone: office and commercial uses. While the CG district does not support light manufacturing uses, the New Orleans Square Overlay District abutting the south property line permits a Makerspace use, which allows the small-scale activities requested by the Owner/Developer.

Development Standards

Total Project Area: 1.88 acres

Permitted Uses: Uses permitted by right in the CG District. In addition, the Makerspace use defined in the New Orleans Square Overlay District for the UG district shall be permitted.
