I. DEVELOPMENT CONCEPT

Aspen Crossing is a proposed residential development, with a 5.00 acre commercial corner component, submitted as a Planned Unit Development (PUD) pursuant to the provisions of the Broken Arrow Zoning Code. The residential portion of the project site was originally approved by the Broken Arrow City Council on December 3, 2007 (PUD 183), with a subsequent major amendment (PUD 183A) approved on March 23, 2010. The proposed Aspen Crossing PUD is essentially the same as was originally approved in December 2007 and March 2010 except for the addition of the 5.00 acre commercial corner. The residential site consists of 44.52 acres located on the east side of South Aspen Avenue and the north side of West Jasper Street, wrapping around the 5.00 acre commercial corner. The site has approximately 2,597 linear feet of frontage on South Aspen Avenue and 1,258 linear feet of frontage along West Jasper Street. The site is bounded on the north by large lot residential, to the south by West Jasper Street, to the west by South Aspen Avenue and to the east by Aspen Creek and Southtowne Estates single-family subdivision. The floodplain area of Aspen Creek is intended to become the buffer between the subject project and Southtowne Estates.

This residential component of Aspen Creek is proposed for development in two tracts. Fronting on South Aspen Avenue, Tract 1 is being proposed as a single-family detached residential development with 52 ft. wide lots, with two access points onto South Aspen Avenue and one connection to West Jasper Street through Tract 2. Tract 2 is proposed just east of Tract 1 on the West Jasper Street frontage. Tract 2 is to be developed as a small lot single family attached and detached homes in a private gated community. Tract 2 shall have one connection to West Jasper Street and one connection to Tract 1 and South Aspen Avenue via a private street system that will be built to the City of Broken Arrow design standards for public streets. Maintenance of the private street system will be the responsibility of the Homeowners' Association.

Tract 3, the commercial portion of the Aspen Creek PUD, is proposed as a 5.00 acre tract located on the northeast corner of South Aspen Avenue and West Jasper Street. Tract 3 is proposed to be developed as essentially a traditional Commercial General (CG) type of development.

Open space will be provided for the project on the east side of Tract 1 and the north side of Tract 2 in the floodplain area. Stormwater detention facilities, trails and parks are some of the opportunities available in the open space area.

Standard rights of way will be dedicated along West Jasper Street and South Aspen Avenue, with a 10 foot fence and landscape easement also being provided.

Maintenance of open space and landscaping in Tract 3 area shall be provided by the Developer of Tract 3.

VII. SIDEWALKS -

Tract 1: Sidewalks shall be installed in accordance with the subdivision regulations. Sidewalk shall be constructed by the developer in all reserve areas that are adjacent to a street.

Tract 2: Sidewalks shall not be required in this gated subdivision. However, a pedestrian path/walkway providing access to the Reserve Areas along the northerly border of Tract 2 shall be designed by the Developer and approved by the Planning Commission at the time of site development.

Tract 3: Sidewalks shall be installed in accordance with the subdivision regulations.

VIII. SITE PLAN REVIEW -

No building permit shall be issued until a detailed site plan of the proposed improvements has been submitted to and approved by the City of Broken Arrow as being in compliance with the development concept and the development standards. No certificate of occupancy shall be issued until landscaping has been installed in accordance with a landscaping plan submitted to and approved by the City of Broken Arrow.

For the purpose of site plan review for the residential portion of Aspen Crossing, the final subdivision plat shall serve as the required detail site plan.

IX. PLATTING -

No building permit shall be issued until the planned unit development project area has been included within a subdivision plat submitted to and approved by the Broken Arrow Planning Commission and the Broken Arrow City Council and duly filed of record. The property shall be platted in accordance with the City of Broken Arrow subdivision code. The deed of dedication of the required subdivision plat shall include covenants of record, enforceable by the City of Broken Arrow, setting forth the development standards of the planned unit development.

X. EXPECTED SCHEDULE OF DEVELOPMENT -

Development of the project is expected to commence and be completed as market conditions permit.
