19. _____ Section II4 covering information on Reserve A contains the following sentence. "....... and thereafter shall be a lien against lots of block 1 North Rose Business Park...." to describe how a lien would be filed in the event maintenance actions

were not performed by the property owners association as owners of the reserve area. Broken Arrow does not file liens against multiple lot owners that make up the membership of property owners associations, but simply would file a lien against the reserve owner which is the property owners association. Revise that portion of the sentence to read "and thereafter shall be a lien against the property owners association as owners of Reserve A". 20 Section IJ4 covering information on Reserve B contains the following sentence. " and thereafter shall be a lagainst lots of block 2 North Rose Business Park" to describe how a lien would be filed in the event maintenance action were not performed by the property owners' association as owners of the reserve area. Broken Arrow does not file liens against multiple lot owners that make up the membership of property owners associations, but simply would file a lien against the reserve owner which is the property owners association. Revise that portion of the sentence to read "and thereafter shall be a lien against the property owners association as owners of Reserve B". 21 If the intent is for the lot owners of Block 1 to maintain Reserve A and lot owners of Block 2 to maintain Reserve I then it should be set up so that two different property owners associations are formed with different maintenance responsibilities for each association. 22 Section IIA states that the property owners association is formed for the general purpose of maintaining Reserves A and B. That section should also state that the property owners association should own reserves A and B.	ons B,
