Controller, Tom Cook, presented the results of the first quarter of Fiscal Year 2019. He stated total sales tax collected was \$9.5 million dollars; this was \$733,000 dollars over the budgeted amount which brought the total current revenues for the first quarter to \$15,862,000 dollars, approximately \$1.3 million dollars above the budgeted amount. He stated total current expenditures were \$4.2 million dollars, with transfers out of \$9.8 million dollars, resulting in revenues over expenditures of \$1.85 million dollars. He reported the Police Sales Tax fund had current revenues of \$588,000 dollars, transfers in of \$5.584 million dollars from the General Fund, total current expenditures of \$4.7 million dollars, with a Capital Outlay of \$112,000 dollars, resulting in a net income of \$1.292 million dollars. He stated Fund 45 (Public Sales Tax Fund Fire) had \$581,000 dollars in current revenues, transfers in of \$4.5 million dollars, current expenditures of \$4.278 million dollars, and capital outlay of \$55,000, resulting in a net income of \$767,000 dollars.

Mr. Cook stated STCI's (Sales Tax Capital Improvements) year to date received \$1.9 million dollars in sales tax revenue with \$1.2 million dollars spent on Capital Projects. He stated this was on a cash basis; currently the fund balance had been raised to \$9.03 million dollars, but there was about \$3 million dollars in encumbered contracts in this fund. He stated STCI was a positive fund so far this year. He stated BAMA had charges for services (BAMA's primary revenue source) of \$12.679 million dollars with a total of \$13,080,000 in revenue. He explained, unlike the other funds, so far this year BAMA was below the budget of \$408,000 dollars and water revenues were below projection by \$300,000 dollars as a result of a rainy summer. He stated BAMA had current expenditures of \$7.8 million dollars, net loan proceeds and transfers for capital outlay, which brought the total available for debt service to \$10.5 million dollars. He stated debt service payments were \$7.6 million dollars and currently revenues were over expenditures in BAMA by \$2.8 million dollars for the Fiscal Year so far.

City Manager, Michael Spurgeon, stated this was the first quarter of the year, and while the financial report was very positive the city still had three quarters of the Fiscal Year to go. Mr. Cook concurred.

A. 18-1250 **Consideration, discussion, and possible approval to proceed with development of construction documents for Phase 1 of the Creative Arts Center project**

City Manager, Michael Spurgeon, reported the Broken Arrow voters approved a Bond to help fund the Center for Arts, Innovation and Creativity, and the city dedicated a portion of The Vision surplus to complete Phase 1. He stated last year City Council required the Creative Arts Center to secure operational funds prior to moving forward with Phase 1. He called Mr. Mark Frie forward.

Mr. Mark Frie, the Consultant for the Creative Arts Center, thanked the Arts OK Board Members and the Creative Arts Center Committee. He reported approximately seven months ago he was tasked to raise \$1.5 million dollars to finance a three year operating budget and he was currently at \$2.98 million dollars; \$1.5 million dollars to be provided during years 1, 2 and 3, and \$1.4 million dollars to be provided in years 4 through 10. He stated he felt this provided enormous stability for the Arts Center. He stated as this was a nonprofit arts group, the need to raise funds would never end, and it was his duty to raise funds and awareness. He thanked AVB Bank for its support and land donation. He thanked Kelley Rash for her ten year commitment to the project. He stated he felt this Creative Arts Center would be a hub in the Rose District. He stated Arts OK would manage the facility's day-to-day operations.

City Manager Spurgeon recommended moving forward with Phase 1 as the Center had secured operational funding as directed. He briefly described the next steps which would be taken in proceeding with this project; he hoped to bid the project in the summer of 2019.

Council Member Debra Wimpee asked what types of activities and events would be held at the Creative Arts Center. Mr. Frie responded the space was designed to conduct art classes such as water color, pottery, continued education opportunities, as well as after school activities for children. He stated once opened, the Center would be the home of the Kristin Chenoweth After School Program: a daily after school program which included art classes, socialization and homework time, as well as a hot meal. He reported evening activities included an art gallery and rentable spaces for social activities.

Council Member Mike Lester stated it seemed most donors to the Creative Arts Center were not necessarily Broken Arrow residents, but were patrons of the arts. Mr. Frie agreed; there were only three local donors on the list, the remaining donors were from all over the State of Oklahoma, especially Oklahoma City. He stated a partnership had begun with Allied Arts in Oklahoma City which he appreciated.

Council Member Johnnie Parks stated he felt this project would enhance the Rose District; he believed the Creative Arts Center would be a central hub for the district. Council Member Lester thanked Mr. Frie for his efforts on behalf of the Creative Arts Center and the City of Broken Arrow. Vice Mayor Eudey stated he was excited to see this project moving forward and congratulated Mr. Frie for his accomplishments on behalf of the Creative Arts Center. Mayor Thurmond stated the Creative Arts Center would be a welcome and positive addition to the Rose District. Council Member Parks asked if the existing building would be demolished. B. 18-1223 **Consideration, discussion, and possible approval of PUD-189C (Planned Unit Development), Highland 55 at Mission Hills, 19.62 acres, PUD-189/RM to PUD-189C/RM, located north of Albany Street, one-third mile west of 9th Street**

Plan Development Manager, Larry Curtis, reported PUD-189C involved 19.68 acres, which was part of PUD-189, with an underlying zoning of RM (residential multifamily). He stated PUD-189 contained 53.75 acres and had been approved by City Council on June 3, 2008 subject to the property being platted. He explained the 53.75 acres associated with PUD-189 was divided into three areas: A, B, and C; Development Area A (31.87 acres) was developed as Mission Hills Apartments; Development Area B (13.8 acres) was identified to have a permitted use of multifamily residential, and Development Area C (8.09 acres) had a permitted use of CG (commercial general). He stated PUD-189C proposed to encompass 5.82 acres of Development Area C into the 13.8 acres associated with Development Area B. He stated the developer proposed to build 98 duplex dwelling units on 19.62 acres which would be a reduction from the originally proposed 226 units for multifamily dwelling. He reported the property was not within a 100 year flood plain, was identified as Level 3 in the Comprehensive Plan, and PUD-189C was in accordance with the Comprehensive Plan in Level 3. He reported this would be a private gated community. He stated access to the property was currently from Fargo Street, through Lynn Lane Village and Country Lane neighborhoods to the north. He explained PUD-189C specifically recognized this sub street to the north would be restricted to emergency access only; primary access would be from the south,

through the access easement which would connect to Albany Street and align with 3rd Street. He stated on October 8, 2018 the Planning Commission concurred with staff and recommended approval by a vote of 3 to 0. He stated five residents spoke with concerns associated with this development regarding the pipeline that was located to the north, an increase of storm runoff, who would live in the development, age restrictions associated with the development, crime in the area, the projected start date, impact on property values, loss of wildlife and open space, and construction traffic through the neighborhood to the north (construction traffic would only enter through the south). He stated staff recommended PUD-189C be approved as recommended by Planning Commission and staff.
