Location: North of Albany Street (61st Street), east of 23rd Street (County Line Road/193rd E. Avenue)

Size of Tract 18.49 acres
Present Zoning: A-RM
Proposed Zoning: PUD-273A/RM (RM zoning approved via BAZ-1995 and BAZ-1989)
Comp Plan: Level 3
Planned Unit Development (PUD) 273A involves an 18.49 acre parcel located north of Albany Street ( $61^{\text {st }}$ Street), east of $23^{\text {rd }}$ Street (County Line Road $/ 193^{\text {rd }}$ E. Avenue). Applicant is requesting a major amendment to PUD-273. The property has been platted as Lot 2, Block 1 of County Line Center. This plat, which was recorded in Wagoner County prior to the property being annexed into the City Limits of Broken Arrow, does not meet the Subdivision Regulation requirements of the City of Broken Arrow.

On March 6, 2018, the City Council conditionally approved PUD-273 and BAZ-1995, a request by Case and Associates to change the zoning on 11.07 acres from A-RM to RM. PUD-273 and BAZ-1995 were approved subject to the property being platted. The property associated with PUD-273 and BAZ-1995 represents the north part of PUD-273A.

On December 5, 2017, the City Council conditionally approved BAZ-1989, a request to change the zoning on 7.42 acres from A-RM to RM. BAZ-1989, which is on the southern portion of PUD-273A, was approved subject to the property being replatted. The applicant associated with BAZ-1989, which was seeking tax credit financing, proposed to develop the property in accordance with the development regulations of the RM district. A PUD was not included with BAZ-1989. The property associated with BAZ-1989, was not developed. This

property is under contract by Case and Associates, and it is their desire to develop a multifamily project that encompasses the entire 18.49 acres. Since they are expanding the boundaries of PUD-273, they are requesting a major amendment.

## PUD-273A SUMMARY

PUD-273A is proposed to be developed in accordance with the Zoning Ordinance and the use and development regulations of the RM district except as summarized below:
