To whom it may concern,

The City of Broken Arrow and the Broken Arrow Fire Department (BAFD) proudly provide Fire and Emergency Medical Services to you as a resident within our city's fence line. However, the residents of the city pay a higher rate for similar services due to city property taxes. Recently, citizens voted to add numerous fire protection projects to their property taxes. The city ordinances have contained provisions for many years to recoup the expenses associated with providing out of city limits responses. The Manual of Fees calls for a fee of \$700 per hour per truck for fire protection services.

Since January 1, 2019, these fees have been fully enforced when the Broken Arrow Fire Department has responded to a residence, business, or other property. However, in an effort to provide a more cost-effective solution to those living within the BAFD coverage area, but outside the city limits we are introducing an optional annual subscription service. This program will be similar to our already established LifeRide program for EMS calls. This annual fire subscription program will cover all expenses associated with a fire response to your property beyond what your insurance will cover. There will be no out of pocket expenses for a BAFD fire responses to your property. The City of Broken Arrow may continue to invoice your homeowner's insurance or other liability policy, but the property owner will not be required to pay the remaining expenses contained in the Manual of Fees, if they participate in the fire subscription program.

Currently, LifeRide subscribers pay **\$90** annually to avoid any out of pocket expenses for EMS services. The fire subscription program will also be **\$90** per year, but those participating in both programs will receive a discounted rate of **\$150** per year.

Please consider participating in the City of Broken Arrow Fire subscription program by submitting your annual payment. Participation will be based on a program year effective September 1. Pro-rated payments may be accepted, but enrollment must be made prior to an incident requiring BAFD response. For those electing not to participate in the fire subscription program, the following payment schedule is effective as of January 1, 2019 and shall be updated periodically.

Fire Suppression for Residential or Commercial Structure Fire (including mobile homes and out-buildings)	\$700.00 per truck/per hour
Contracts for Fire Protection Services for non-residential/ non-agricultural properties	\$1,000.00 per truck/per hour
Fire Suppression for Vehicles, Grass or Wildland, Rubbish, Trash, or other	\$300.00 per truck/per hour
