To: Chairman and Commission Members
From: Development Services Department
Title:

Consideration and possible action regarding PT16-111, Conditional Final Plat, Bentley Square, 33 lots, 8.14 acres, CG to RS-4, one-quarter mile west of Aspen Avenue, south of Jasper Street

Background:

Applicant: Erik Enyart, Tanner Consulting, LLC

Owner: HHGB, LLC

Developer: HHGB, LLC C/O Thurmond Consulting LLC

Engineer: Tanner Consulting

Location: One-quarter mile west of Aspen Avenue, south of Jasper Street

Size of Tract: 8.14 acres

Number of Lots: 33

Present Zoning: CG to RS-4 (BAZ 1967)

Comp Plan: Level 2 (Urban Residential) (BACP 154)

The conditional final plat for Bentley Square contains 8.14 acres and is located one-quarter mile west of Aspen Avenue, south of Jasper Street. Access to the plat will be off of South Beech Avenue, south of Jasper Street. Applicant proposes to develop 33 single-family detached residential homes on the property.

BACP 154, a request to change the Comprehensive Plan designation on part of the property from Levels 4 to Level 2 was approved by the City Council on July 19, 2016. Approval was subject to the property being platted

and a PUD being submitted that was similar to the draft PUD presented with BACP 154. Due to similarities in the draft PUD and the new RS-4 zoning district approved by the City Council on December 20, 2016, this development will be allowed using the RS-4 standards. On January 12, 2017, the Planning Commission approved the Preliminary Plat for Bentley Square per staff recommendation and subject to the attached checklist.

Water and sanitary sewer service to the addition is available from the City of Broken Arrow. According to FEMA maps, none of the property is located in a 100-year floodplain area.

Attachments: Checklist
Conditional final plat and covenants

Recommendation: Staff recommends PT16-111, conditional final plat for Bentley Square, be approved subject to the attached checklist.
