Lot split request BAL 1099 involves a 24.09-acre parcel located one-quarter mile north of Kenosha Street, east of Aspen Avenue. The property has been platted as a part of Lot 1, Block 4 of Aspen Park Village. Applicant is proposing to split the lot into two parcels. Tract 1, the north parcel contains 18.15 acres, while Tract 2, the south parcel, has 5.94 acres.

A new multifamily housing development, The Cottages at Aspen Park, is proposed to be developed on Tract 1. On July 19, 2016, the City Council approved PUD 118E along with BAZ 1958, a request to change the

underlying zoning from R-3 and CH to RM. PUD 118E and BAZ 1958 were approved subject to the property being platted. It is the desire of the owner of the property to sell Tract 1 to the developer of the multifamily housing project. They want to complete this transaction prior to the property being platted. As a result, they requesting to split the property into two tracts, 1 and 2.

Oklahoma Natural Gas (ONG), Public Service Company of Oklahoma (PSO), Cox Communications, and Windstream have indicated that they do not have any problems with the proposed lot split.
