### Background:

In an effort to provide the Authority and the Public more information with respect to our community's wastewater collection and treatment at the city's Lynn Lane Wastewater Treatment Plant, the Utilities Department staff is attaching a copy of the March 2018 Oklahoma Department of Environmental Quality (ODEQ) Discharge Monitoring Report (DMR) submitted to ODEQ on April 13, 2018.

Over the course of the month of March 2018, the total wastewater collected, treated and discharged is 147.25 million gallons (MG). The average flow was 4.75 MG.

This report will be updated on a monthly basis. Staff recommends the Authority acknowledge submittal of the Report.
