BAZ-2032 is a request to change the zoning designation on 32.753 acres from A-1 (Agricultural) to CG (Commercial General). The unplatted property is located west of 23rd Street (193rd E. Avenue) and north of the Creek Turnpike.

The subject property once included a larger area; however, on May 12, 1999, the Oklahoma Turnpike Authority acquired a portion of the applicant's property for construction of the Creek Turnpike. On July 2, 2004, the applicant dedicated a 25.25-foot strip of land (totaling 0.48 acres) along the 23rd Street frontage of this property for public right-of-way.

Surrounding land uses and zoning classifications include the following:

North:	A-1	Undeveloped, future fire station
East:	A-1	Single-family residential
South:	A-1	Creek Turnpike and undeveloped
West:	PUD-133A/R-2	Undeveloped, single-family residential

The Future Development Guide of the Comprehensive Plan shows the site to be designated as Level 6. The CG (Commercial General) zoning being requested is considered to be in accordance with the Comprehensive Plan in Level 6.
