

City of Broken Arrow

Request for Action

File #: 17-1850, Version: 1

**Broken Arrow Municipal Authority
Meeting of: 2-21-2017**

**To: Chairman and Authority Members
From: Utilities Department
Title:**

**Acknowledgement of submittal of the Broken Arrow Municipal
Authority's Water Supply Report for the month of January 2017**

Background:

In an effort to provide the Authority and the Public more information with respect to our community's water usage, the Utilities Department Staff has prepared a Total Water Supply Report that records total daily water usage, as well as monthly water volume delivered to the community.

Over the course of the first month of the year, the Maximum Water Plant Production Day was 10.2 million gallons per day (MGD) recorded on January 9, 2017. The Average Day usage through the end of January is 8.8 MGD. Total water treated at the plant up to the end of January is 274.3 million gallons (MG). Total water purchased from Tulsa is .2 MG.

The new 61st Tulsa connection was turned on August 4, 2016, and this additional supply supplements the 41st Street connection. Water Treatment Plant staff turn on/off both Tulsa connections to meet system demand.

This report will be updated on a monthly basis. Staff recommends the Authority acknowledge submittal of the Report.

Cost: No cost

Prepared By: Anthony C. Daniel, Utilities Department Director

**Reviewed By: Utilities Department
Assistant City Manager-Operations
Legal Department**

Approved By: Michael L. Spurgeon, City Manager

Attachments: Monthly Report

Recommendation:

Acknowledge submittal of the Monthly Water Usage Report
