

City of Broken Arrow

Request for Action

File #: 18-1502, **Version:** 1

Broken Arrow City Council
Meeting of: 1-2-2019

Title:

Approval of and authorization to execute an Amendment to the Agreement for Professional Environmental Support Services with Cox McLAIN Environmental Consulting, Inc. for County Line Trunk Sewer Improvements for additional information on cultural conditions as requested by the Corps of Engineers for project permitting (Project No. S.1609)

Background:

Based on feedback from the USACE, the State Historic Preservation Office (SHPO), and the Oklahoma Archeology Survey (OAS), the City of Broken Arrow must have a Phase II Archaeological Survey completed for The County Line Trunk Sewer Project to be permitted to construct under the Nationwide 12 Utilities Maintenance Permit by the US Army Corp of Engineers (USACE) due to its proximity to Waters of the United States. An Agreement with Cox McLain Environmental Consulting, Inc was signed on 08/30/18 for \$14,000 to perform a Cultural Survey. After its review of the report, the USACE has required additional information.

Cost: \$30,417.00

Funding Source: Oklahoma Water Resources Board - FAP Loan

Requested By: Alex Mills, Director of Engineering and Construction

Approved By: Michael L. Spurgeon, City Manager

Attachments: Amendment for Professional Environmental Support Services

Recommendation:

Approve Amendment to the Agreement for Professional Environmental Services with Cox McLAIN Environmental Consulting, Inc.
