

City of Broken Arrow

Request for Action

File #: 19-339, Version: 1

**Broken Arrow City Council
Meeting of: 3-19-2019**

Title:

Presentation of the City of Broken Arrow Project Website

Background:

In an effort to be more transparent, and to facilitate the flow of information to our citizens, the City of Broken Arrow has contracted with Meshek & Associates to develop a GIS-based project website. This website will display the approved General Obligation Bond, Capital Improvement, Street Sales Tax, and other funded projects displayed on separate tabs for “Transportation”, “Residential Street Rehabilitation”, “Public Safety”, “Quality of Life”, “Public Facilities”, “Stormwater and Drainage”, “Water Utility CIP” and “Sanitary Sewer Utility CIP” projects. The website will display the information graphically for each project including: location, approved budget, funding source, current status, and projected dates for design, right-of-way acquisition, utility relocations, and construction beginning and ending. The website is in its final review stages, and will be linked on the City of Broken Arrow Website by April 1, 2019.

Cost: N/A

Funding Source: N/A
