**Title:**

Acknowledgement of submittal of the Broken Arrow Municipal Authority's Water Supply Report for the month of June 2019

**Background:**

In an effort to provide the Authority and the Public more information with respect to our community's water usage, the Utilities Department staff has prepared a Total Water Supply Report that records total daily water usage, as well as monthly water volume delivered to the community.

The Average Day usage through the end of June is 11.1 MGD. Total water treated at the plant up to the end of June is 332.9 million gallons (MG). Total water purchased from Tulsa for the month of June is 2.2 MG.

This report will be updated on a monthly basis. Staff recommends the Authority acknowledge submittal of the Report.
