Community Planning Month is the commemoration of the role that planning plays in creating great communities.

Each year APA (American Planning Association), recognizes National Community Planning Month during the month of October to celebrate and highlight the contributions sound planning and plan implementation make to the quality of our neighborhoods and environment.

The celebration of National Community Planning Month gives us the opportunity to publicly recognize the participation and dedication of Planning Commission members, professional community planners, and other citizen planners who have contributed their time and expertise to the improvement of the community.
